a brand new batch of rubber ducks is loaded onto a ship and sent off to be delivered to children everywhere but when a storm strikes 10 little ducks are tossed into the sea and swept away in 10 different directions with some wonderfully unexpected

adventures along the way come ride the waves as legendary children's book author and illustrator Eric Carle explores numbers directions opposites geography animals and more in an extraordinary interactive picture book beautifully illustrated with his unique collage style art and for a final surprise the last page contains a duck with a squeaking sound chip for a special treat at the end of the story

when a storm strikes a cargo ship ten rubber ducks are tossed overboard and swept off in ten different directions in a story based on a factual incident on board pages

when Donovan Hohn first heard the remarkable story of how 28,904 bath toys spilled into the Pacific en route to the US from China and have been washing up along beaches throughout the world ever since he decided to find out more and assumed he would interview a few oceanographers talk to some beachcombers and read up on Arctic science and geography but questions can be like ocean currents wade in too far and they carry you away setting out on a series of journeys to track the renegade rubber ducks Moby Duck is an adventure into the heart of the sea through science myth the global economy and some of the worst weather imaginable and the riveting story of an accidental odyssey which pulled Hohn into the secretive world of shipping conglomerates the daring terrain of Arctic researchers the lunatic risks of maverick sailors and the shadowy domain of Chinese toy factories with each new discovery Hohn learns of another loose thread and with each successive chase he comes closer to understanding where his castaway quarry comes from and where it is heading in the grand tradition of Tony Horwitz and David Quammen Moby Duck is a compulsively readable narrative of whimsy and curiosity for anyone who is interested in obsession travel plastic and that great American novel Moby Dick

this is the third book in the seasonal math activities series to help teachers make math more interesting and even fun for their students the hands on activities help students learn and review important math concepts such as measurement addition and

subtraction estimation skip counting ordinal numbers and much more activity ideas include categorizing and counting jelly beans counting flower petals predicting and tracking weather and lots of holiday fun several activities are based on popular children's literature each activity has a list of materials needed and clear concise directions also provided are the skills students will learn or practice as they do the activity every creative idea in this book will change your students attitude toward math from ho hum to oh boy

this book is about pirates and their treasure and the islands visited in the eastern pacific ocean little has been known or written about these early day ships and the scoundrels that sailed them pirates of course were known throughout the world in such places as the caribbean atlantic shores of america mediterranean sea africa and western pacific and much as been written about them including many movies but very little about the pacific shores of new spain in north and south america

an expert on children's literature provides a worthwhile resource for teachers librarians and parents booklist the children's book a day almanac is a new way to discover a great children's book every day of the year this fresh inventive reference book is a dynamic way to showcase the gems both new and old of children's literature each page features an event of the day a children's book that relates to that event and a list of other events that took place on that day always informative and often surprising celebrate a year of literature for children with the children's book a day almanac this has solid possibilities as a springboard for daily reading and writing activities in the classroom or as simply a book focused way to start the day bulletin of the center for children's books

waste is something we encounter on an everyday basis today the waste mountain is increasing despite ambitious measures being taken to decrease it consequently increased scholarly interest is being devoted to waste but primarily from a technocratic and scientific point of view this compilation offers different perspectives on waste its characteristics and its

presence in the world from social scientist and humanist standpoints waste is the constant companion to the human and is thus inherent in modern society therefore waste needs to be further approached and understood from a plethora of scholarly perspectives and disciplines and further investigated through a multitude of methodologies and data collection techniques the imagination of a future where waste preventive actions and circular economies permeate society can only be a reality if technocratic and scientific accounts of what is to be done when and how are complemented by social scientific and humanist concepts of the nature and constitution of waste such a perspective offers the possibility to understand how waste is constituted through relationships language materials politics practices and structures this book shows that philosophers historians cultural theorists and economists have much to offer on the topic of waste as a part of everyday modern life

reading aloud to young children has been advocated as a vital experience in literacy development both at home and school studies show that participation with adults and peers in book reading at home and school increases young children's desire to read and improves their reading comprehension often however teachers and parents need guidance on which books to select out of more than 50 000 children's books in print to simplify the search for quality picture books this book provides annotations of the 200 best selling picture books and offers ideas on how to share them with children it contains descriptions of best selling picture books both old and new titles were selected for inclusion based on the volume of sales rather than the tastes of a single individual or small committee books are grouped by suggested age levels from publisher's description

this stroll down memory lane takes readers on a journey out west down on the farm to a place where love respect and hard work are priorities short easy to read inspirational adventures

freeman has developed a comprehensive handbook with thoroughly annotated lists of the 2005's best children's books lesson plans teachers guides stories songs and internet resources it includes an index

from the world of eric carle comes an adorable duck shaped board book starring the 10 little rubber ducks just in time for spring little ones will love this shaped board book especially those just learning their numbers perfect for fans of all about the very hungry caterpillar count the 10 little rubber ducks as they swim downstream on a lovely spring day eric carle s signature bright collage illustrations feature hatching chicks a hopping bunny blossoming flowers and more spring time scenes that make this is a great gift for easter and the book s duck shape is just the right size for little hands

one of the music industry s most honored and significant figures for a quarter century anderson also has another story to tell his personal struggle when his family becomes the victim of a drunk driver makes a gripping human interest drama that will reach far beyond the boundaries of country music 20 photos

an unlikely utterly beguiling love story by the author of the highly praised small claims gloria is a modern day snake oil saleswoman a quixotic entrepreneur who sells everything from metal detectors to aphrodisiac perfumes but whose real stock in trade is hope she and her teenage daughter kim move from town to town until kim falls in love with a widower 30 years her senior
