are you looking for effective ways to learn czech new ways do you want to learn words that are useful and that you will often hear and use start learning those that are most frequent this book draws on a frequency dictionary of czech core vocabulary for learners published by routledge in 2011 in the introduction the authors say that just 1000 most frequent words might account for 85 per cent of speech the problem is that when you want to learn a word in czech especially a verb or a noun each has many forms so i ve decided to write a book that would show these various forms to learners in addition you can find some useful phrases where these words are shown in action my plan is to cover all those 1000 most frequent czech words in the upcoming years and this is the first publication in that series who is the book for i believe this book is suitable for people who have already learnt at least some basics of the czech language not for complete beginners however i am sure it can be useful for those who have already got to a higher level they can use it as a reference book or explore more through the links collected inside this is not a textbook and it cannot teach you czech grammar it is a handbook made to show you all the forms of the most frequent czech verbs and nouns there are 53 words in this book because there are 53 weeks in a year well there are 52 but one or two days are then left over so there are 53 words to cover them too i hope you ll find this book useful and look forward to hearing from you

a frequency dictionary of czech is an invaluable tool for all learners of czech providing a list of the 5 000 most frequently used words in the language based on data from a 100 million word corpus and evenly balanced between spoken fiction non fiction and newspaper texts the dictionary provides the user with a detailed frequency based list as well as alphabetical and part of speech

indexes all entries in the rank frequency list feature the english equivalent a sample sentence with english translation and an indication of register variation the dictionary also contains twenty thematically organised and frequency ranked lists of words on a variety of topics such as family food and drink and transport a frequency dictionary of czech enables students of all levels to get the most out of their study of vocabulary in an engaging and efficient way it is also a rich resource for language teaching research curriculum design and materials development a cd version is available to purchase separately designed for use by corpus and computational linguists it provides the full text in a format that researchers can process and turn into suitable lists for their own research work

this volume contains the proceedings of the 7th international conference on text speech and dialogue held in brno czech republic in september 2004 under the auspices of the masaryk university this series of international conferences on text speech and dialogue has come to constitute a major forum for presentation and discussion not only of the latest developments in academic research in these fields but also of practical and industrial applications uniquely these conferences bring together researchers from a very wide area both intellectually and geographically including scientists working in speech technology dialogue systems text processing lexicography and other related fields in recent years the conference has developed into a primary meeting place for speech and language technologists from many different parts of the world and in particular it has enabled important and fruitful exchanges of ideas between western and eastern europe the 2004 offered a rich program of invited talks tutorials technical papers and poster sessions as well as workshops and system demonstrations a total of 78 papers were accepted out of 127 submitted contributed altogether by 190 authors from 26 countries our thanks as usual go to the program committee members and to the external reviewers for their conscientious and diligent assessment of submissions and to the authors themselves for their

high quality contributions we would also like to take this opportunity to express our appreciation to all the members of the organizing committee for their tireless efforts in organizing the conference and ensuring its smooth running

in this volume the relationship between clitics and affixes and their combinatorial properties has led to a serious discussion of the interface between syntax morphology semantics and phonology that draws on a variety of theoretical perspectives e g hpsg optimality theory minimalism clitic affix phenomena provide a rich range of data not only for the identification of an affix vs clitic but also for the best way to explain ordering constraints some of which are contradictory a range of languages are considered including romance and slavic languages as well as turkish greek icelandic korean and passamaquoddy moreover several articles consider dialectal microparameterization notably in spanish french and occitan this volume thus reflects current debate on issues such as clitic ordering constraints the relationship of clitics to inalienable possession and the left periphery and templatic approaches to affixes vs clitics while examining a broad range of languages
