the constitution and 9 11 provides a comprehensive striking and disturbing analysis of executive misuse of power that is made all the more compelling by placing it in a rich and fascinating historical contest no better book is available for placing post 9 11 government actions in the matrix of history and explaining how executive power has degraded the constitution and citizen rights william g weaver back cover

reconstruction the rebuilding of state economy culture and society in the wake of war is a powerful idea and a profoundly transformative one from the refashioning of new landscapes in bombed out cities and towns to the reframing of national identities to accommodate changed historical narratives the term has become synonymous with notions of post conflict society it draws much of its rhetorical power from the neat demarcation both spatially and temporally between war and peace the reality is far more complex in this volume reconstruction is identified as a process of conflict and of militarized power not something that clearly demarcates a post war period of peace kirsch and flint bring together an internationally diverse range of studies by leading scholars to examine how periods of war and other forms of political violence have been justified as processes of necessary and valid reconstruction as well as the role of war in catalyzing the construction of new political institutions and destroying old regimes challenging the false dichotomy between war and peace this book explores instead the ways that war and peace are mutually constituted in the creation of historically specific geographies and geographical knowledges

this book offers an accessible and timely analysis of the war on terror based on an innovative approach to a broad range of theoretical and empirical research it uses gendered orientalism as a lens through which to read the relationship between the george w bush administration gendered and racialized military intervention and global politics khalid argues that legitimacy power and authority in global politics and the war on terror specifically are discursively constructed through representations that are gendered and racialized and often orientalist looking at the ways in which official us war on terror discourse enabled military intervention into afghanistan and iraq the book takes a postcolonial feminist approach to broaden the scope of critical analyses of the war on terror and reflect on the gendered and racial underpinnings of key relations of power within contemporary global politics this book is a unique innovative and significant analysis of the operation of race orientalism and gender in global politics and the war on terror specifically it will be of great interest to scholars and graduates interested in gender politics development humanitarian intervention
