there are ongoing efforts in anthropology to decolonise its history and give fairer space to marginalised traditions this book examines the history and institutionalisation of anthropology in the maghreb the mashreq and the gulf in an open and collaborative manner and from various perspectives its primary focus is two fold first to reorient the anthropological focus towards studies conducted in the region particularly on the conditions conducive to the institutionalisation of anthropological knowledge second to shed light on anthropological studies in languages other than english offering different theoretical and epistemological perspectives

weaving together a collection of original essays this book looks at the transnational circulations of people concepts and practices in anthropology revealing the many ways that they cross borders the essays focus on european anthropological traditions and beyond including broader transnational interactions to uncover the intricate fabrics of interconnected influences that have shaped anthropology by presenting these diverse threads the volume challenges the notion of singular separated traditions of anthropology and demonstrates how the field has been shaped by a rich plurality of transnational connections negotiations and entanglements in the past and today

contemporary asian societies bear the imprint of the experience and afterlives of colonialism revolutionary socialism and religious and secular nationalism in dramatically contrasting ways asian lives in anthropological perspective draws together essays that demonstrate the role of these far reaching transformations in the shaping of two asian settings in particular india and vietnam it traces historical and contemporary realities through a variety of compelling topics including the lived experience of india s caste system and the ethical challenges faced by vietnamese working women

this research based monograph presents an introduction to the concept of film induced tourism building on the work of the seminal first edition many new case studies exploring the relationship between film and tv and tourism have been added and existing cases have been updated the book incorporates studies on film studio theme parks the impact of film induced tourism on communities and the effect of film on tourists behaviour it introduces new content including film induced tourism in non western cultures movie tours and contents tourism the book is an essential resource for postgraduate students and researchers in the fields of tourism film and media studies

who are the most important actors in the peacebuilding process in post war liberia how do they interact in specific

institutions on the ground and what are the factors behind the slow pace of the post war reform process this book designed as a qualitative case study with a strong descriptive component provides answers to these questions it highlights the importance of the domestic political landscape for the ultimate fate of the reforms and the role of influential individuals in the process its findings indicate that despite a rich critical academic debate the current practice of peacebuilding remains shaped by the neo liberal paradigm and remains rather disconnected from the post conflict realities and individuals on the ground

explore and understand the key ideas and movements in anthropology the study of human societies and cultures and how they work what does it mean to be human why do we have rituals how do family structures differ around the world and why the anthropology book answers questions like these and many many more applying the big ideas series combination of authoritative accessible text and bold graphics the anthropology book introduces key concepts from different branches of the subject such as cultural anthropology ethnography and biological anthropology and explains how they have developed over the past century the book explores the origins of human life and cultures and how societies develop traditions laws and languages profiling renowned anthropologists such as claud levi strauss and margaret mead and covering topics as diverse as biology medicine war sexuality family roles and kinship the anthropology book is a fascinating accessible introduction to the core principles of anthropological thought

this textbook includes physical anthropology prehistory and social cultural anthropology for students of anthropology in indian universities this is a valuable textbook of anthropology which aims to serve all students of anthropology each of these parts deal with specific portion of the subject matter and corresponds to the major branches of anthropology the book offers has been written lucidly in simple language with plenty of examples it offers a blueprints for the subject anthropology as such as to satisfy the general readers also who are enthusiastic to know more and more man

this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1898 edition excerpt chapter in races of mankind differences of race 56 stature and proportions 56 skull 60 features 62 colour 66 hair 71 constitution 73 temperament 74

type of races 75 permanence 80 mixture 80 variation 84 races of mankind classified 87 in the first chapter something has been already said as to the striking distinctions between the various races of man seen in looking closely at the african negro the coolie of india and the chinese even among europeans the broad contrast between the fair dane and the dark genoese is recognised by all some further comparison has now to be made of the special differences between race and race though the reader must understand that without proper anatomical examination such comparison can only be slight and imperfect anthropology finds race differences most clearly in stature and proportions of limbs conformation of the skull and the brain within characters of features skin eyes and hair peculiarities of constitution and mental and moral temperament in comparing races as to their stature we concern ourselves not with the tallest or shortest men of each tribe but with the ordinary or average sized men who may be taken as fair representatives of their whole tribe the difference of general stature is well shown where a tall and a short people come together in one district thus in australia the average english colonist of 3 ft 8 in looks clear over the heads of the 5 ft 4 in chinese labourers still more in sweden does the swede of 5 ft 7 in tower over the stunted lapps whose average measure is not much over 5 ft among the tallest of mankind are the patagonians who seemed a race of giants to the europeans who first watched them striding along their cliffs
