steampunk film a critical introduction is a concise and accessible overview of steampunk's  
indelible impact within film and acts as a case study for examining the ways with which  
genres hybridize and coalesce into new forms since the beginning of the 21st century a  
series of high profile and big budget films have adopted steampunk identities to re-imagine  
periods of industrial development into fantastical histories where future meets past by  
calling this growing mass cultural fetishism for anachronistic machines into question this  
book examines how a retro futuristic romanticism for technology powered by cogs pistons  
and steam engines has taken center stage in blockbuster cinema as the first monograph to  
consider cinema's unique relationship with steampunk it places this burgeoning genre in  
the context of ongoing debates within film theory each of which reflecting the movement's  
remarkable interest in reengineering historical technologies rather than acting as a niche  
subculture robbie mcallister argues that steampunk's proliferation in mainstream

filmmaking reflects a desire to reassess contemporary relationships with technology and navigate the intense changes that the medium itself is experiencing in the 21st century

the american independent sector has attracted much attention in recent years an upsurge of academic work on the subject being accompanied by wider public debate but many questions remain about how exactly independence should be defined and how its relationship might be understood with other parts of the cinematic landscape most notably the hollywood studios edited and written by leading authors in the field american independent cinema indie indiewood and beyond offers an examination of the field through four sections that range in focus from broad definitions to close focus on particular manifestations of independence a wide variety of examples are included but within a framework that offers insights into how these are related to one another more specifically this collection offers an account of recent developments as well as reviewing reassessing and revising a number of central positions approaches and arguments relating to various parts of the independent and or indie sector individual case studies that range from the distinctive qualities of the work of established quality filmmakers such as wes anderson steven soderbergh and rebecca miller to studies of horror genre production at the more disreputable end of the independent spectrum examples of the limits of independence available in some cases within hollywood including studies of the work of stanley kubrick and hal ashby case studies of under researched areas in the margins of american independent cinema including the disney nature films and christian evangelical filmmaking a number of wider overview chapters that examine contemporary american independent cinema from a number of perspectives together the chapters in the collection offer a unique contribution to the study of independent film in the united states contributors warren buckland philip drake mark gallagher geoff king peter krämer novotny lawrence james macdowell claire molloy michael z newman alisa perren james russell thomas schatz michele schreiber janet staiger yannis tzioumakis sarah wharton

comedy and humour have frequently played a key role in disabled people s lives for better or for worse comedy has also played a crucial part in constructing cultural representations of disability and impairments contributing to the formation and maintenance of cultural attitudes towards disabled people and potentially shaping disabled people s images of themselves as a complex and often polysemic form of communication there is a need for greater understanding of the way we make meanings from comedy this is the first book which explores the specific role of comedic film genres in representations of disability and impairment wilde argues that there is a need to explore different ways to synthesise critical disability studies with film studies approaches and that a better understanding of genre conventions is necessary if we are to understand the conditions of possibility for new

representational forms and challenges to ableism after a discussion of the possibilities of a fusion between disability studies and film studies and a consideration of the relationships of comedy to disability wilde undertakes analysis of contemporary films from the romantic comedy satire and gross out genres analysis is focused upon the place of disabled and non disabled people in particular films considering visual audio and narrative dimensions of representation and the ways they might shape the expectations of film audiences this book is of particular value to those in film and media studies and critical disability studies especially for those who are investigating more inclusive practices in cultural representation

film distribution in the digital age critically examines the evolution of the landscape of film distribution in recent years in doing so it argues that the interlocking ecosystem s of media dissemination must be considered holistically and culturally if we are to truly understand the transnational flows of cultural texts

winner of first prize in the baftss best edited collection competition this volume examines how different generations of women work within the genericity of audio visual storytelling not necessarily to undo or subvert popular formats but also to draw on their generative force recent examples of filmmakers and creative practitioners within and outside hollywood as well as women working in non directing authorial roles remind us that women are in various ways authoring commercially and culturally impactful texts across a range of genres put simply this volume asks what do women who are creatively engaged with audio visual industries do with genre and what does genre do with them the contributors to the collection respond to this question from diverse perspectives and with different answers spanning issues of direction screenwriting performance and audience address reception

this book is about the business of distribution around which the international film business revolves considering sales agents and distributors as primary gatekeepers the book examines the networks in which they operate how they operate how their practices have evolved and the power and control they exert over the business of independent film distribution critically it also considers how they are affected by the powerful influence of netflix and amazon in the online era at a time of disruption and change to traditional business models and industry professions roderik smits argues that gatekeepers remain equally if not more crucial to the distribution and circulation of films in international markets
