new msct machines produce a volume data set with the highest isotropic spatial resolution ever seen offering superb 3d images of the entire heart and vessels the texts currently available on cardiac ct imaging mainly focus on visualizing pathological aspects of coronary arteries anatomy of the heart by multislice computed tomography is the first text to bridge the gap between classical anatomy textbooks and ct textbooks presenting a side by side comparison of electronic dissection made by ct scanning and traditionally hand made anatomical dissection focusing on the fundamentals as well as the details of cardiac anatomy in a clinical setting using msct this is an invaluable reference for cardiac imaging trainees cardiologists radiologists interventionists and electrophysiologists providing a better understanding of the cardiac structures coronary arteries and veins anatomy and their 3 dimensional spatial relationships

the way you think of prayer will influence the way you approach praying if perceived as mere duty and obligation there will be no relational joy experienced however if prayer is participation in a vital connection an essential lifeline between your soul and your god through jesus christ prayer moves into a different light a new perspective a living relationship prayer presents itself as god's gift and the only avenue to enjoy communion with the godhead the father the son and the holy spirit think of it actual connection and companionship between you and the almighty understanding this relationship purchased by christ is the purpose of the book you hold in your hands the lord jesus found great delight in the presence of his father the bond of eternal love

satisfaction and enriching fulfillment clearly displayed itself in the atmosphere of his prayers if you heard him you would want him to teach you to pray god the father knew this about you the disciples witnessed christ praying and it compelled them to ask lord teach us to pray this little volume expounds his answer the nurturing influence of christ through the indwelling holy spirit gives life to genuine prayer in the child of god prayer is not overcoming god s reluctance to bless us rather it is laying hold of his great willingness to do so come and enter the heavenly atmosphere of this reality developing an effectual prayer life is a process of growth in the believer s relationship with god it is an invitation to be a colaborer with god in christian maturity it is a lifelong pursuit this book expounds on some of the essential ways christ nourishes the soul in effectual prayer

from its physical attributes to its power as a literary metaphor to its religious significance and beyond here is the captivating story of the role of the heart in our lives and culture there is a universal fascination with the human heart every age and civilization has developed theories and beliefs about it which overlap support and sometimes undermine one another it is celebrated as the home of faith love and courage the seat of the soul no other organ has inspired so many poets writers painters and religious thinkers and references to it abound in advertising cultural kitsch song lyrics and everyday language and imagery shedding light on the heart s many mysteries and meanings the chapters in the book of the heart explore the physical heart a natural history of the heart its strengths and weaknesses the anatomy of the human heart the religious heart the bleeding heart the sacrificial heart the heart s place in cannibalism and other rituals the heart in art visual depictions of the heart from classical art to tatoos fruits and other symbols of the heart the written heart poetry and song romantic love myths and legends the novel filled with fascinating tidbits for instance a giraffe requires a heart weighing sixty six pounds to pump blood up its neck and graced with charming illustrations the book of the heart is a great valentine s day gift and the perfect book to pick up for some heartening entertainment any time of the year

containing a retrospective view of every discovery and practical improvement in the medical sciences abstracted from the current medical journals of the united states and canada
