this book shows how the arab israeli conflict developed by looking beyond the legality argument to the men behind the policies it argues that zionism was adopted by the british government in its 1917 balfour declaration primarily as a way to control immigration the book places the violent reaction of the palestinians to mass jewish immigration in the context of zionism and revisits the controversies over the question of self determination and the partition of palestine arguing that israel was created through an act of conquest and subjugation the book concludes with a sobering analysis of the conflict arguing that neither jews nor arabs were to blame for starting it

the norman conquest in english history volume 1 a broken chain pursues a central theme in english historical thinking over seven centuries covering more than half a millennium this first volume explains how and why the experience of the norman conquest prompted both an unprecedented campaign in the early twelfth century to write or create the history of england and to excavate and fabricate pre conquest english law garnett traces the treatment of the conquest in english historiography legal theory and practice and political argument through the middle ages and early modern period examining the dispersal of these materials from libraries afer the dissolution of the monasteries and the attempts made to rescue edit and print many of them in the late sixteenth and early seventeenth centuries these preservation efforts enabled the conquest to become still more contested in the constitutional cataclysms of the seventeenth century than it had been in the eleventh and twelfth the seventeenth century resurrection of the conquest will be the subject of a second volume
