business law is a new textbook that presents business law principles in a clear and easy to understand style the objective of a business law subject is to ensure that students acquire enough knowledge of the law of business so they can recognise and solve simple legal

problems organise their affairs in order to avoid more complex or serious legal problems and appreciate the connection of legal principles within a range of commercial environments as the majority of students are required to study business law as part of either a commerce or business degree this textbook follows a functional approach to the study of business law rather than doctrinal so the principles of business law are contextualised within a business environment business students need to know more than what the law is they need to know where to find it how to read it how to use it and how it impacts on all facets of business students who use this textbook will develop a greater awareness of the law and its broad application to business and commercial environments

hallmark features written in a clear accessible style by award winning law lecturer addressed to reader as business person seeks to balance legal doctrine practical perspectives law in context and critical perspectives emphasis upon material of relevance and use to business students in the 21st century organised into 12 manageable chapters corresponding with 12 teaching weeks of a typical semester making it possible to use the entire textbook and cover all relevant business law topics in appropriate depth no need to customise this textbook to suit the subject outline presents a functional rather than doctrinal approach e g instead of tort law and contract law the chapters look at causing harm and making deals activity features appear throughout requiring students to reflect research apply or revise their understanding of legal concepts revision questions appear at the end of each major chapter section and provide an opportunity for students to check their knowledge before progressing end of chapter quizzes contain multiple choice questions and are ideal for self testing over 600 terms definitions included in the end of book glossary new to this edition each chapter begins and ends with johnny and ash a framing narrative which establishes the importance and relevance of the business law concepts presented by describing a particular problem or situation this feature appears in each chapter and involves a range of scenarios between two characters johnny a restaurant owner and ash a solicitor johnny and ash begin each chapter by discussing one of more of the key issues explored within the chapter and conclude each chapter with the resolution of those issues they do so in a way which grounds these key issues in the real world demonstrating how and why these issues might arise in business practice the various scenarios link together into a continuing storyline engaging the students interest as they progress from chapter to chapter chapter 3 exercising legal skills describes and develops important legal skills such as research reading interpretation and writing this is an important chapter not found in most introductory business law textbooks where appropriate tables diagrams flowcharts and concept maps are used to illustrate the more complex material within the text each chapter is periodically punctuated with questions which require the student to either reflect research or revise key points these questions ensure that students engage with the text actively rather than passively each section

within a chapter concludes with a set of revision questions testing the student's ability to recall the key points from the section key terms used in the text are defined in the margins and in the comprehensive glossary at the end of the book throughout the text the student is referred to the many useful online resources relevant to the practice of business law in australia law in context boxes offer alternative perspectives on the law described in the main text these perspectives include the operation of the law in practice ethical perspectives the portrayal of the law in popular culture philosophical or historical perspectives on the law insights upon the law from other disciplines such as economics or social science the political context within which the law was developed and the law in a global context each chapter concludes with a set of quiz questions for students to test their own understanding of the content as well as a set of exercises where the student can apply their knowledge to the solution of particular legal problems or further explore more challenging aspects of the law about the author dr nick james graduated from the university of queensland in 1990 with bachelor degrees in law and commerce and until 1994 practised commercial and property law in brisbane and at the gold coast in 1996 nick returned to the university of queensland to teach business law and property law at the gatton campus in 1998 nick completed his master of laws and in 1999 he relocated to the new ipswich campus where he was involved with the development and delivery of business law corporations law and e commerce law courses in flexible mode in 2004 nick completed his doctoral thesis on critical legal education in 2005 he relocated to the law school at the st lucia campus and in 2009 was appointed associate professor and associate dean academic within the school nick presently teaches business law to non law students and law society to law students within the tc beirne school of law at the university of queensland he is the school chair of teaching and learning and a member of the editorial committee of the legal education review he received the uq award for excellence in teaching in 2004 and a national carrick citation for outstanding contribution to student learning in 2007 he is the author of numerous journal articles and conference papers in the areas of legal education and critical legal theory and is presently engaged in a research project investigating the teaching and assessment of legal reasoning and critical thinking skills

written by a former dean this book offers a unique understanding of challenges facing legal education research publishing and governance

in the last few decades university teaching has been recognised as an activity which can be studied and improved through educational scholarship in some disciplines this is now well established it remains emergent in legal education the field is rich with questions to be answered issues to be raised this book provides the first overall review of legal education scholarship the chapters outline the history of legal education research and provide a detailed analysis of the trends in areas of publication beyond this the book suggests a

typology for further conceptualising the field and a series of suggested paths for future research the book originated from the 2017 unsw conference research in legal education state of the art it features internationally respected authors who bring their perspectives on how legal education as a field of research should be conceptualised the collection is arranged into three themes first a historical view is taken of the emergence of legal education scholarship and its roots that predate modern educational theory secondly the book provides overviews of the extant field of publications highlighting areas of interest and neglect and delineating the trends in current publication thirdly the book provides a set of suggested typologies for describing legal education research and a series of essays for future directions which both critique current approaches and provide inspiration for future directions the state of legal education research represents an authoritative introduction to the field a set of conceptual tools with which to describe it and inspiration for researchers to expand and grow research into legal education

university can be a psychologically distressing place for students empirical studies in australia and the usa highlight that a large number of law students suffer from psychological distress when compared to students from other disciplines and members of the general population this book explores the significant role that legal education can play in the promotion of mental health and well being in law students and consequently in the profession the volume considers the ways in which the problems of psychological distress amongst law students are connected to the way law and legal culture are taught and articulates curricula and extra curricula strategies for promoting wellbeing for law students with contributions from legal academics legal practitioners and psychologists the authors discuss the possible causes of psychological distress in the legal community and potential interventions that may increase psychological well being this important book will be of interest to legal academics law students members of the legal profession post graduate researchers as well as non law researchers interested in this area

this book integrates research on the causes responses and protective strategies for vicarious trauma that are recognised in a range of human services and argues their relevance to the legal profession examining related conditions that are common among lawyers including burnout compassion fatigue and secondary trauma stress the text reveals how lawyers vulnerability to trauma is aggravated by stigma against mental health concerns in workplaces with poor leadership weak supervision and an adversarial law as business approach the author proposes adaptations to legal education and practice management to help lawyers cope with stress and trauma use their work experiences to improve their self awareness maintain their wellbeing and ultimately to thrive in their work rich in evidence based practices strategies and tools this book serves to help individuals workplaces and law schools become trauma informed an indispensable guide for lawyers

law firm managers and supervisors as well as legal educators and students seeking to enhance their resilience self awareness and wellbeing in readiness for legal practice

the new lawyer has been updated to ensure that first year law students do not feel overwhelmed by the transition to law school with updates in the content and statistics this new edition has been written in an easy to read style specifically with students in mind this book addresses the law threshold learning outcomes tlos and outlines what students should know understand and be able to do at the conclusion of their first year of study available as a full colour printed textbook with an interactive ebook code included this titles enables every student the ability to master concepts and succeed in assessment

this volume offers a critical analysis and illustration of the challenges and promises of stateless law thought pedagogy and approaches to governance that is understanding and conceptualizing law in a post national condition confronting the transnational challenge posed to the traditional theoretical and institutional structures that underlie the teaching and study of law in the university the book brings new insight to the ongoing and crucial conversation about the future shape of legal scholarship education and practice that is emblematic of the early twenty first century

business law 2e is the new edition of a textbook that has been positively launched into the higher education market the text presents business law principles in a clear and easy to understand style the objective of a business law subject is to ensure that students acquire enough knowledge of the law of business so they can recognise and solve simple legal problems organise their affairs in order to avoid more complex or serious legal problems and appreciate the connection of legal principles within a range of commercial environments as the majority of students are required to study business law as part of either a commerce or business degree this textbook follows a functional approach to the study of business law rather than doctrinal so the principles of business law are contextualised within a business environment business students need to know more than what the law is they need to know where to find it how to read it how to use it and how it impacts on all facets of business students who use this textbook will develop a greater awareness of the law and its broad application to business and commercial environments
