maintaining solid corporate ethics goes beyond just being a feel good story or a good public relations angle organizations that demonstrate strong ethical commitments can gain a real competitive advantage over others by keeping employees happy and productive and keeping customers satisfied and loyal while avoiding some of the unexpected pitfalls that may beset a less ethical organization these factors all lead to a more stable and consistent organization and will improve the bottom line and drives higher profits the erosion of business ethics affects everyone from the employees laid off stockholders losing investments to customers paying a higher price or receiving lesser quality in bringing business ethics to life achieving corporate social responsibility
best selling author bjørn andersen has written an easy to read yet powerful book demonstrating the need for solid ethics in every

organization andersen first explains the importance of creating a strong ethical culture within every organization demonstrating the positive effects it will have throughout the business he then shows how business leaders can make this happen by introducing a holistic value driven and ethically based model of leadership and management that can bring about dramatic changes for any organization

this text is a vehicle for classroom discussion on recent ethical business cases and how students can handle future ones in their careers topics include the theoretical background of ethics ethical decision making relationships between businesses and stakeholders ethical issues relating to the firms interaction with the natural environment health care and ethical issues related to information technology strategic planning and corporate culture to help business professionals and business school students consider the positive consequences of ethical behavior and the negative consequences of unethical behavior

business in ethical focus is a compilation of classical and contemporary essays and case studies in business ethics readers will become acquainted with seminal ideas on corporate social responsibility and the place of business in a just society other topics include diversity in the workplace sexual harassment workplace rights environmental responsibility and sustainability global business intellectual property bribery and ethical issues in advertising and marketing this second edition adds a dozen original case studies as well as new sections on global perspectives with articles on islamic confucian and buddhist business ethics entrepreneurship and the non profit sector background material on ethical theory and the nature of business ethics is included to orient readers new to this field

business ethics an ethical decision making approach presents a practical decision making framework to aid in the identification understanding and resolution of complex ethical dilemmas in the workplace focuses exclusively on three basic aspects of ethical decision making and behavior how it actually takes place how it should take place and how it can be improved uses real life examples of moral temptations and personal ethical dilemmas faced by employees and managers discusses the biases psychological tendencies moral rationalizations and impact of self interest as impediments to proper ethical decision making includes relevant examples of ethical misconduct and scandals appearing in the news media

the role of business ethics in organisations and management is crucial this book examines the consequences of institutionalizing business ethics in asia in both contemporary and historical contexts and draws comparisons to better ground business ethics literature using cases from japan korea and china this book shows

that asian regions have tried to balance their traditional norms and values of business ethics with those from the west this book was originally published as a special issue of the asia pacific business review

good business book jacket

this text provides an up to date critical analysis of contemporary issues in business ethics the authors begin with an overview of the major broad themes in business ethics then move to a more practical discussion of ethics in key management functions the second edition of the ethical business has been updated to address current thinking and new problems faced with new chapters focusing on the symbiotic relationship between business and the environment and new case studies an essential core text for today s business students bringing ethical dilemmas into context to provide the foundation of good management practice

is business ethics a contradiction in terms absolutely not says robert solomon in fact he maintains that sound ethics is a necessary precondition of any long term business enterprise and that excellence in business must exist on the foundation of values that most of us hold dear drawing on twenty years of experience consulting with major corporations on ethics solomon clarifies the difficult ethical choices all people in business face he uses an aristotelian approach to remind readers that a corporation like an individual is embedded in a community and that corporate values such as fairness and honesty are meaningless until transformed into action without a base of shared values trust and mutual benefits today s national and international business world would fall apart in keeping with his conviction that virtue and profit must thrive together solomon both examines the ways in which deficient values actually destroy businesses and debunks the pervasive myths that encourage unethical business practices complete with a working catalog of virtues designed to illustrate the importance of integrity in any business situation this compelling handbook contains a gold mine of wisdom for either the small business manager or the corporate executive struggling with ethical issues

effective managers must accurately assess the legal and ethical ramifications of complex business transactions this requires familiarity with the basic principles of international law and an understanding of the importance of culturally diverse ethical traditions in all of their business relationships legal and ethical aspects of international business is your authoritative guide to the law and ethics of business leadership in the global market it provides the vehicle for today s and tomorrow s managers to successfully navigate the legal and ethical environment of business around the world classroom tested and business world vetted legal and ethical aspects of international business

provides overviews and opening questions at the outset of each chapter that forecast central concepts and learning objectives a variety of cases that will peak student interest and fuel class discussion careful editing of cases that preserves the legal and ethical issues confronting global business managers without miring the reader in jargon and extraneous details questions and problem cases at the end of each chapter that provide opportunities to test knowledge and apply theory to practice in focus and global note inserts that explore hot topics like privacy cyber security and sustainability international and comparative perspectives as the authors look at how substantive issues are addressed by different legal systems around the world visual aids such as flowcharts integrated throughout the book that illustrate and reinforce key concepts ethics in action inserts that demonstrate the role of ethics in global business transactions

business and society ethics and stakeholder management 5th edition employs a stakeholder management framework emphasizing business social and ethical responsibilities to both external and internal stakeholder groups a twin theme of business ethics illustrates how ethical or moral considerations are included the public issues facing organizations and the decision making process of managers the text is written from a managerial perspective that along with the two themes shows how to identify stakeholders incorporate their concerns into the organization s strategy and operations and also integrate ethical wisdom into their decision making process in addition 35 case histories are included to help connect theory and practice through timely and interesting examples

in a field dominated by books that focus exclusively on the perspective of business in large corporations or that assume that business has a moral deficiency in need of reform al gini and alexei marcoux offers students and business people alike a concise guide to what everyone ought to do when doing business where other books are organized topically gini and marcoux look at the moral features of business that recur across topical areas stressing the considerations that bear on business people whether they be corporate functionaries principals in family businesses or solo entrepreneurs who do it all end to end they present to students the essential concepts ideas and issues involved in ethics in business and emphasize the individual acting person and what it means to have character and integrity when doing business

in modern business environments ethical behavior plays a crucial role in success managers and business leaders must pay close attention to the ethics of their policies and behaviors to avoid a reputation crushing scandal business law and ethics concepts methodologies tools and applications explores best practices business leaders need to navigate the complex landscape of legal and ethical issues on a day to day basis utilizing both current research and established conventions this multi volume reference

is a valuable tool for business leaders managers students and professionals in a globalized marketplace
