n order to assist families embroiled in child custody disputes ithe courts order thousands of child custody evaluations each year some of these evaluations are brief problem focused asse ments aimed at quickly resolving a specific area of dispute other evaluations are more comprehensive covering all aspects of

family functioning in complex cases the process of ordering conducting or assessing either type of child custody evaluation requires a clear understanding of how legal and psychological issues are intertwined in each case this book is designed to meet this need for a comprehensive guide that combines legal information and forensic procedures with the social science research that must be the basis for all custody recommendations and decisions the book should be helpful to three separate but related groups of experienced professionals a family and probate judges b family practice attorneys and c forensic mental health professionals before they can order a custody evaluation and use the information it provides judges must have a clear understanding of how to integrate clinical information about each family with the related social science research this book will also enable judges to assess each custody report in terms of a the professional and legal guidelines for conducting custody evaluations and b research based criteria in each area of family functioning the text and cd also offer examples of how best to write orders for custody evaluations and detailed parenting plans that address the issues in each family

set up in 1989 specialist members of the committee including doctors and lawyers have visited places of detention prison and psychiatric hospitals throughout europe to monitor the living conditions of those being detained following these visits the committee has published reports suggesting improvements and laying down standards this book provides a clear and comprehensive insight into the work carried out by one of the council of europe s highly influential non judicial committees issues discussed include the framework of the european convention for the prevention of torture and the mandate of the committee the key terms used and the safeguards the committee has recommended to be adopted by states the impact of the committee s work and possible options for the future the book also contains the text of the convention the protocols and explanatory notes

this urgently needed groundbreaking book provides solid data that coincides with the real life stories i have been hearing for years from men and women nationwide regarding unfair child support laws and policies that have resulted in adverse effects on their children and families i anticipate that this book will have a major positive impact on social policy and the general collective attitudes toward families in today s society the information presented in this book must be read and understood by every policymaker to insure that child support policies are made just and fair so that all families can prosper dianna thompson national family justice association us the delinquent payment of child support by non custodial to custodial parents is a major problem throughout the united states to many observers the problem is one of deadbeat dads men who simply will not make the required payments the solution has been to enforce payment by the imposition of increasingly stringent civil and criminal penalties despite these efforts the percentage of single mothers receiving child support has changed very little over the past twenty five years the law and economics of child support payments investigates why this is and approaches the payment of child support as an economic problem

in this issue guest editors bring their considerable expertise to this important topic provides in depth reviews on the latest updates in the field providing actionable insights for clinical practice presents the latest information on this timely focused topic under the leadership of experienced editors in the field
