documenting important milestones in the epic journey traversed by the central bank of kenya cbk over the last 50 years 50 years of central banking in kenya puts into perspective the evolution of central banking globally and within the east african region and contemplates future prospects and challenges the volume is timely mainly because within the last 50 years the global financial landscape has shifted central bankers have expanded their mandates beyond the singular focus on inflation and consider economic growth as their other important objective bank regulation has moved from basel i to basel ii and some countries have fully migrated to basel iii while some are still at the cross roads 50 years of central banking in kenya captures the wide ranging discussions on central banking from a symposium to celebrate the 50 year anniversary on 13 september 2016 in nairobi the participants at the symposium included current and former central bank governors from kenya and the east africa region high level officials from multilateral financial institutions policy makers executives of commercial banks in kenya private sector practitioners civil society agents executives and researchers from think tanks based in kenya and the africa region leading academics in banking and finance and university students beyond the symposium the volume highlights the evolution of specific functions of cbk over the last 50 years such as monetary policy bank regulation and payments system as well as developments in kenya s financial system which strongly relate to the functionality of cbk such as financial innovation the evolution of financial markets and non bank financial institutions in kenya

this book documents important milestones in the epic journey traversed by the central bank of kenya over the last 50 years putting into perspective the evolution of central banking globally and within the east african region and contemplating future prospects and challenges the book is timely mainly because the global financial landscape has shifted central bankers have expanded their mandates beyond the singular focus on inflation and consider economic growth as their other important objective financial crises have continued to disrupt the functioning of financial institutions and markets the most devastating episodes being the global financial crisis which broke out in 2008 and from which the global financial system has not fully recovered and

the unprecedented challenges posed by the global coronavirus pandemic bank regulation has moved from basel i to basel ii and somehow migrated to basel iii although some countries are still at the cross roads the book originated from the wide ranging discussions on central banking from a symposium to celebrate the 50 year anniversary on 13 september 2016 in nairobi the participants at the symposium included current and former central bank governors from kenya and the eastern africa region high level officials from multilateral financial institutions policy makers bank executives civil society actors researchers and students the book is an invaluable resource for policy makers practitioners and researchers on how monetary policy and financial practices in vogue today in kenya have evolved through time and worked very well but also about some pitfalls

this is an open access title available under the terms of a cc by nc nd 4 0 international licence it is free to read at oxford scholarship online and offered as a free pdf download from oup and selected open access locations international banking standards are intended for the regulation of large complex risk taking international banks with trillions of dollars in assets and operations across the globe yet they are being implemented in countries with nascent financial markets and small banks that have yet to venture into international markets why is this this book develops a new framework to explain regulatory interdependence between countries in the core and the periphery of the global financial system drawing on in depth analysis of eleven countries across africa asia and latin america it shows how financial globalisation generates strong reputational and competitive incentives for developing countries to converge on international standards it explains how specific cross border relations between regulators politicians and banks within developing countries and international actors including investors peer regulators and international financial institutions generate regulatory interdependence it explains why some configurations of domestic politics and forms of integration into global finance generate convergence with international standards while other configurations lead to divergence this book contributes to our understanding of the ways in which governments and firms in the core of global finance powerfully shape regulatory decisions in the periphery and the ways that governments and firms from peripheral developing countries manoeuvre within the constraints and opportunities created by financial globalisation

the official records of the proceedings of the legislative council of the colony and protectorate of kenya the house of representatives of the government of kenya and the national assembly of the republic of kenya
