in this sumptuously illustrated history now in its second edition patricia buckley ebrey traces the origins of chinese culture from prehistoric times to the present

designed for the east asian history course this text features the scholarship on the region and offers a range of cultural political economic and intellectual history it also focuses on gender and material culture it features color inserts that illustrate the rich artistic heritage of east asia

the sung dynasty 960 1279 was a paradoxical era for chinese women this was a time when footbinding spread and confucian scholars began to insist that it was better for a widow to starve than to remarry yet there were also improvements in women s status in marriage and property rights in this thoroughly original work one of the most respected scholars of premodern china brings to life what it was like to be a woman in sung times from having a marriage arranged serving parents in law rearing children and coping with concubines to deciding what to do if widowed focusing on marriage patricia buckley ebrey views family life from the perspective of women she argues that the ideas attitudes and practices that constituted marriage shaped women s lives providing the context in which they could interpret the opportunities open to them negotiate their relationships with others and accommodate or resist those around them ebrey questions whether women s situations actually deteriorated in the sung linking their experiences to widespread social political economic and cultural changes of this period she draws from advice books biographies government documents and medical treatises to show that although the family continued to be patrilineal and patriarchal women found ways to exert their power and authority no other book explores the history of women in pre twentieth century china with such energy and depth

the first comprehensive english language biography of emperor huizong corrects the prevailing view of this ruler as a decadent political failure who lost the throne to invaders ebrey recasts the artistically gifted emperor as passionate and paradoxical yet genuinely ambitious if too much so in pursuing glory for his flourishing realm

chinese civilization sets the standard for supplementary texts in chinese history courses with newly expanded material personal documents social records laws and documents that historians mistakenly ignore the sixth edition is even more useful than its classic predecessor a complete and thorough introduction to chinese history and culture

the confucian legalist state proposes a new theory of social change and in doing so analyzes the patterns of chinese history such as the rise and persistence of a unified empire the continuous domination of confucianism and china s inability to develop industrial capitalism without western imperialism

evelyn rawski presents a revisionist history of early modern china in the context of northeast asian geopolitics and global maritime trade

the rulers of the ming dynasty enacted paradigms of hierarchical order like imperial

families households and courts in earlier chinese dynasties they articulated patriarchal patrilineal and patrilocal organizational principles as exemplars for families and institutions throughout the empire women made indispensable contributions to the development of these paradigms and principles and to the social cultural and political fabric of the family and the state and yet in the existing literature in chinese and english women are often burdened with stereotypes positioned as peripheral or rendered almost invisible reading available texts against the grain and drawing on a trove of evidence from material culture soulliere shows how women defined a place for themselves in the multigenerational ming imperial family imperial household and court the empress and the dragon throne spans the first ming century from just before the founding of the dynasty in 1368 to the end of the tianshun reign in 1465 this richly illustrated volume is a must read for scholars students and anyone interested in learning about women s lives during the ming dynasty

introduces readers to the cross cultural study of ancient and classical civilizations the book is divided into two sections the first examining the ongoing interaction between ancient agrarian and nomadic societies and the second focusing on regional patterns in the dissemination of ideas

the people of ancient china called their country the middle kingdom they proudly believed their land to be the center of the civilized world chinese inventions including gunpowder paper and movable type have shaped the modern world

the goal of this visual sourcebook is to add to the material teachers can use to help their students understand chinese history culture and society it was not designed to stand alone we assume that teachers who use it will also assign a textbook with basic information about chinese history included are substantial units on ten important subject areas spanning the length of chinese history geography archaeology religion calligraphy military technology painting homes gardens clothing and the graphic arts students should be able to view these units before coming to class much as they would read texts in a sourcebook of primary sources this out of class preparation can provide the basis for classroom discussion on line discussion or written assignments to facilitate such discussion and analysis we have included questions designed to make students think about the images they are viewing to help keep the chronology and geography straight we have included many maps and a timeline

written by top scholars in the field east asia a cultural social and political history 3e delivers a comprehensive cultural political economic and intellectual history of east asia while focusing on the narratives and histories of china japan and korea in a larger global context full color inserts on such topics as food clothing and art objects illustrate the rich artistic heritage of east asia a range of primary source documents spotlights women s independence students turned soldiers and other stirring issues while intriguing biographical sketches throughout highlight the lives of popular figures and ordinary

people alike important notice media content referenced within the product description or the product text may not be available in the ebook version

this is a collection of essays by one of the leading scholars of chinese history it explores features of the chinese family gender and kinship systems and places them in a historical context

the period between the fall of the han in 220 and the reunification of the chinese realm in the late sixth century receives short shrift in most accounts of chinese history the period is usually characterized as one of disorder and dislocation ethnic strife and bloody court struggles its lone achievement according to many accounts is the introduction of buddhism in the eight essays of culture and power in the reconstitution of the chinese realm 200 600 the authors seek to chart the actual changes occurring in this period of disunion and to show its relationship to what preceded and followed it this exploration of a neglected period in chinese history addresses such diverse subjects as the era s economy daoism buddhist art civil service examinations forays into literary theory and responses to its own history

barlow documents the history of woman as a category in twentieth century chinese history tracing the question of gender through various phases in the literary career of ding ling a major modern chinese writer
