this the first ever biography of john hewitt is based on archival material both personal and literary in many ways it is also a biography of his wife roberta nee black whose manuscript journal is also in the public domain to establish hewitt s late arrival as a poet the book opens with a chapter recounting his negotiations with a london publisher over a long period and the eventual appearance of *No Rebel Word* 1949 successive chapters trace his education courtship literary apprenticeship first employment as a junior gallery curator in belfast the political conflicts of the 1930s and then the war years his rejection for the post of director in belfast s civic museum and gallery and his utopian commitment to regionalism appointment to the herbert gallery in coventry in 1956 brought recognition and confidence his leanings towards socialist realism came to accommodate abstract art and he defended the sculptor barbara hepworth against the penny pinching ratepayers throughout this two part career hewitt maintained his output as poet culminating in the *Collected Poems* 1968 his irish political commitments never wavered though he became cautious about forms of nationalism which proclaimed themselves left wing roberta hewitt s work for the coventry labour party provided an outlet for her energies and her domestic frustrations throughout these forty years the poetry is kept constantly in view sometime by reference to individual pieces and their origins and some by means of longer breaks for text where more detailed criticism is practised in 1972 the hewitts returned to belfast when the troubles reached an ugly peak committed to anti sectarianism hewitt withheld support from all parties though he took an interest in trade union activity publishing perhaps too much poetry in his last decade and a half he died very much in harness

this study questions the validity of john hewitt s prominence in northern irish protestant writing and asserts the need for a more accurate history of this genre confronting the perceived wisdoms of a highly politicized discourse it undermines hewitt s status within it as a matchless acceptable protestant for a critically re visioned ireland challenging the substance of hewitt s self representations as icon of cultural liberalism radical secular dissenter and verse apologist for the planter condition this book shows that his elevation over the majority of northern protestants is tenable only within an incomprehensive history of northern irish protestant writing that diminishes other important figures the study provides a framework for a more equitable study of protestant voices
