the universal law of giving and receiving has a remarkable impact on humankind in many ways it either allows them to live in abundance or prevents them from doing so the entire idea is to give away whatever one earns in life and then the universe will return it to him after fulfilling a cycle of giving and receiving as a result the universal law of giving and the universal law of receiving go hand in hand it is a cycle that needs to be finished when somebody is needy it is an act of decency to give what he wants the strict refusal may eventually prompt the power of the universe to prevent the giver from gifting anything it will take away everything the person owns leaving him empty handed besides if there is someone only interested in giving the universe will stop the flow of the donations as it is one way traffic the essence is to share what is in hand one may note that giving something to someone does not guarantee that he will receive something in the bargain he will probably not get it back in the same motion one of the spiritual rules of prosperity and success is the law of giving and receiving because giving and receiving are two sides of the same coin it might be considered a natural thing that stays perpetual on a purely energetic basis they are inter connected giving and receiving are closely linked and people cannot think of one without the other if somebody tries to interrupt the flow of either of these traits the process will come to a halt although it appears to be straightforward that all individuals give in some form yet all of them desire to receive something against it people mostly don't know how to offer because they are perplexed by misunderstandings about the gifting process and restricting notions and concerns they also don't know how to get over the subconscious barriers kept in between sometimes people believe they have been wronged and not given anything it is common to know how upset some parents become when their children do not give a penny to them they are so ungrateful for not giving their parents the attention and respect they need even though they have received so much from them
