negotiating development in muslim societies explores the negotiation processes of global development concepts such as poverty alleviation human rights and gender equality it focuses on three countries which that are undergoing different islamisation processes senegal sudan and malaysia while much has been written about the hegemonic production and discursive struggle of development concepts globally this book analyzes the negotiation of these development concepts locally and translocally lachenmann and dannecker present empirically grounded research to show that although women are instrumentalized in different ways for the formation of an islamic identity of a nation or group they are at the same time important actors and agents in the processes of negotiating the meaning of development restructuring of the public sphere and transforming the societal gender order

this anthology deals with changes in values norms and attitudes in our society which is increasingly characterized by cultural diversity embedded in the current debate about a post migrant society the contributions present findings that have emerged within the framework of various research projects of the bmbf funding line migration and social change they deal with differences and similarities regarding the values and norms of people with and without a migratory background the connections between values and integration mechanisms and many more the contributions focus on values and norms concerning family gender relations education and religion the english translation of this book originally in german was facilitated by artificial intelligence the content was later revised by the authors for accuracy

this best selling collection of engaging articles has enlivened cultural anthropology courses for decades the lead editor of the sixteenth edition dianna shandy first encountered conformity and conflict as an undergraduate and began teaching from the book in 1999 from the first through the sixteenth edition the editors have chosen classic works and solicited original pieces that powerfully illuminate the nature of culture and its influence on people s lives one of the overarching principles through the years has been to include material on north american cultures so readers can make their own cultural comparisons and see the relevance of anthropology to their own lives readers sharpen critical thinking skills as they examine their assumptions identify perspectives and assess their beliefs selections are organized around topics found in many textbooks and courses facilitating usage by instructors who do not want to assign a standard text part introductions include discussion of many basic anthropological definitions article introductions coherently and systematically link selections to anthropological concepts sections and selections include environmental global and practicing anthropological subfields as well as traditional interests such as language gender kinship economics politics law inequality and religion the forty readings in this collection cover a broad range of theoretical perspectives juxtaposing classic and contemporary ethnographic work to introduce students to a broad range of authors the selections provide a fascinating way to look at human experience and make sense of the world around us

this is an freely accessible version that has not been updated since july 2009 so some links will not work

this book is based on the expert anthropological report for the noongar people s native title claim entitled single noongar native title claim w6006 of 2003 w6012 of 2003 anthropologist s report the report was filed in the federal court of australia in 2004

who are the most important actors in the peacebuilding process in post war liberia how do they interact in specific institutions on the ground and what are the factors behind the slow pace of the post war reform process this book designed as a qualitative case study with a strong descriptive component provides answers to these questions it highlights the importance of the domestic political landscape for the ultimate fate of the reforms and the role of influential individuals in the process its findings indicate that despite a rich critical academic debate the current practice of peacebuilding remains shaped by the neo liberal paradigm and remains rather disconnected from the post conflict realities and individuals on the ground

When people should go to the books stores, search initiation by shop, shelf by shelf, it is in fact problematic. This is why we offer the books compilations in this website.
