this book examines the artistic practices of a range of british based artists of east asian chinese japanese korean and taiwanese heritage to consider the social political and cultural effects of migration or diaspora on their creative production beccy kennedy schtyk demonstrates three themes the multiplicity and expansive contemporaneity of these artists visual oeuvres the physical impact or interpretation of migratory circumstances on their artistic practices and the necessity to continue to evolve ways of thinking about migration race and border crossings in the current political climate of the 21st century the book will be of interest to scholars studying art history asian studies british studies migration and diaspora studies and cultural studies

the zen master thich nhat hanh was asked what we need to do to save our world what we most need to do he replied is to hear within us the sound of the earth crying our present ecological crisis is the greatest man made disaster this planet has ever faced its accelerating climate change species depletion pollution and acidification of the oceans a central but rarely addressed aspect of this crisis is our forgetfulness of the sacred nature of creation and how this affects our relationship to the environment there is a pressing need to articulate a spiritual response to this ecological crisis this is vital and necessary if we are to help bring the world as a living whole back into balance the first edition of this book published in 2013 fostered the emergence of the spiritual ecology movement which recognizes the need for a spiritual response to our present ecological crisis it drew an overwhelmingly positive response from readers many of whom are asking the simple question what can i do the 2016 expanded edition offers new chapters including two from younger authors who are putting the principles of spiritual ecology into action working with their hands as well as their hearts it also includes a new preface and revised chapter by llewellyn vaughan lee that reference two major recent events the publication of pope francis's encyclical on care for our common home which brought into the mainstream the idea that the ecological crisis is essentially a spiritual problem and the 2015 paris climate change conference which saw representatives

from nearly 200 countries come together to address global warming including faith leaders from many traditions and in autumn 2021 we have issued a new edition with a new updated preface from editor llewellyn vaughan lee who has also rewritten his chapter the call of the earth bringing together voices from buddhism sufism christianity and native american traditions as well as from physics deep psychology and other environmental disciplines this book calls on us to reassess our underlying attitudes and beliefs about the earth and wake up to our spiritual as well as physical responsibilities toward the planet it s hard to imagine finding a wiser group of humans than the authors represented here all of them both thinkers and do ers in the greatest battle humans have ever faced an epic collection bill mckibben founder 350 org spiritual ecology is a superb collection of thoughtful pieces by people who have gone deep to understand our relations with the earth it comes at a crucial time for humanity barry lopez landscape photographer and author arctic dreams winner national book award of wolves and men crossing open ground about this life this book provides fresh thinking about the spiritual approaches of consciously and consistently making the right choices each of us within our respective sphere of influence as the world works towards a new global climate agreement in 2015 it is in our interest and in the interest of future generations to reflect on how we can individually and collectively contribute to addressing climate change by making our economies and lifestyles more sustainable because solving climate change can help solve many of the issues the earth currently faces climate change is therefore both a challenge and an opportunity i hope this book inspires and energizes many readers eager to rise to the greatest challenge ever to face humanity by realizing the transformative opportunities we have in front of us christiana figueres former executive secretary of the united nations framework convention on climate change unfccc
