this edited book explores how stakeholders play a key part in any entrepreneurial endeavour because of their investment in the
 outcome this book highlights that it is important to understand the reason and rationale for stakeholder engagement in
 entrepreneurship furthermore this book showcases how there are different kinds of stakeholders from businesses directly linked to an
 entity to others that have a more policy influence on the industry segment this book demonstrates that it is useful to understand to
 what extent stakeholders influence entrepreneurial decision making this book states that most stakeholders tend to take an indirect
 role in the governance of a business in terms of what strategic decisions are made this can change in times of crisis or change
 depending on the nature of the relationship this book makes the case that stakeholders can take positive action in the form of advice or
 help this book asserts that stakeholders who have an ongoing direct role are likely to invest more time and effort in an entrepreneurial
 endeavour this book uncovers that it is important to re evaluate on a continual basis whether the relationship is working and what
 needs to be done in order to increase efficiency this edited book focuses on the role of stakeholders in an entrepreneurial context
 thereby being amongst the first research books to place specific attention on stakeholder management through public and private
 partnerships
