where Gail steps in with over seventy five different scenarios drawn from years of working with real Canadians. Gail helps readers see their own situations through stories that reflect what they're experiencing then she gives readers the language to negotiate effectively showing them that for each problem there are steps they can take to find a solution. Gail has long believed that so many money issues have more to do with our behaviour than with the money itself. People can be delusional, selfish, inconsistent, fearful, lazy, bullying, and entitled, and those traits are reflected in how they deal with money relationships. Seldom disintegrate just because people are bad with money but how each person responds to the other and to the real issues can make or break a relationship. Have a bully in your life? Wish your brother would grow the hell up and stop counting on you to save his butt? Want to tell your bff that dreaming is only the first step in making a better life? Gail will show you how. Gail bets that there are many people you will recognize as you read *Money Talks* and one of them just might be yourself.

In an honest, practical style, this book shows how to make your money work for you. Budgeting, saving, and getting debt paid off are explained in an easy-to-understand way.

We all know we should save for retirement, right? But we don't. We're just not sure where to start or when. Experts conjure magic numbers and use complicated terminology. Do we really need a million dollars? And if we don't have a snowball's chance in hell of saving that much, should we even bother? Gail's answers are no and yes. There is no magic number that fits everyone, and yes, you must bother. The hardest part of retirement planning is getting started, so Gail walks you through the steps to put momentum on your side, even if it's with as little as a dollar a day. She'll help you figure out where you are now, where you want to be, and how to get there. No expert, Gail included, should offer a one-size-fits-all solution, which is why *Never Too Late* has concrete steps for developing a plan that is right for you. *Never Too Late* is about cutting through the crap, taking charge, and taking action to create the future you want.
