in this original and penetrating work the origins of the gestalt psychotherapy model are traced back to its roots in psychoanalysis and gestalt cognitive and perceptual psychology drawing new implications for both gestalt and psychotherapy in general from these origins and with special emphasis on the neglected work of lewis and goldstein wheeler develops a revised model that is more fully gestalt and at the same time more firmly grounded in the spectrum of tools and approaches available to the contemporary psychotherapist along the way a number of new insights are offered not just in gestalt but in the working of the psychoanalytic and cognitive behavioral models the result is an integrated approach giving a fresh perspective on the universal processes of contact and resistance both in psychotherapy and in social systems in

general the practitioner is given these tools for addressing problems at the intra and interpersonal level and wider systematic levels at the same time and in the same language each chapter stands alone and makes a fresh and significant contribution to its particular subject taken together they constitute a remarkable excursion through the history of psychotherapy in this century weaving powerfully through social psychology behaviorism and gestalt itself yielding a masterful new synthesis that will interest the practitioners of gestalt and other schools alike

focusing on the integrative power of the gestalt approach this study places the gestalt therapy model in the social constructivist tradition of lewin goldstein and goodman

this edition comprises brings together incorporates synthesizes some of the author s works books articles chapters ideas fragments in print and electronic form with themes topics ideas that address the relation between philosophy and social work welfare policy with emphasis on the humanistic paradigm approach published in academic format between 2011 and 2023 no new sections were introduced but the bibliography was partially updated bringing to attention relevant titles that appeared after the previous edition in the book it is analyzed the complex and delicate relationship between philosophy and social work welfare between the philosophical system of concepts and ideas and the theory axiology of social work welfare especially from a humanistic perspective bringing face to face on the one hand the great branches or sub domains of philosophy respectively ontology ethics social philosophy personology and on the other hand the great sub domains or issues of social work welfare respectively the way of representation the client and the social problem difficult situation risk situation vulnerability resilience etc the system of constitutive values and principles the way of representation of the professional and the specific practice methodology etc the relation between philosophy and social work is no doubt biunivocal philosophy encompasses in its purpose and history the social issue dimension in its broader human sense especially with the preoccupations in the sphere of ethics and social philosophy but also of the existentialist humanistic and humanistic personalist philosophies as the social work as general theory and axiology cannot be conceived without a consistent philosophical representation both the system of fundamental values and the mission or methodology of social work welfare are most often stated in the terms of an explicit applied social ethical and humanistic philosophy even if not always this aspect it is highlighted in an assumed way an important observation that must to be done is that the author does not proposes in his book and nor does it accomplish an exhaustive profound and complete approach and exposure of the relation connection from a humanistic point of view between philosophy and social work welfare between their sub domains but only he brings into attention this subject this theme very little approached in the literature in relation to its indisputable importance regarding the destination of this paper its design content and bibliography are made in such a way that to be useful both to the academic community to students and teachers in philosophy and social sciences and practices and also to the professional community to social workers psychotherapists educators social managers etc

as a sub discipline part of general philosophy humanistic philosophy is focused on and brings in attention especially the category the value concept of human being with

the meaning of agency individuality subject the person with the attribute of freedom and self determination the respect for the human as individual as a person in opposition to the approaches that represent the individual human being as a simple statistical element into a social structure system mechanism in history and or society in the second meaning crucial concepts syntagms and ideas values that are bring in attention when we speak therefore of general philosophy as a humanistic discipline are anthropo centrism and person centered approach in the general process of philosophical knowledge and investigation essentially philosophy as a humanistic discipline through all its branches orientations schools and methods is an ethics of the phenomenon process and act of knowledge in general and of the philosophical knowledge in particular an ethics of the human of the man of humanity and especially ultimately a philosophy of the human as a goal values ideal principle of all the processes acts of knowledge and action epistemologically and methodologically speaking regarding the destination of this book its design content and bibliography are made in such a way that to be useful both to the academic scientific community to students teachers and researchers and also to the professional community artists educators managers social workers psychotherapists health professionals human rights activists activists in the political sphere etc

in 1980 the original *beyond the hot seat* was published and immediately recognized as a seminal work providing gestalt group therapists with the first book exclusively devoted to that modality and offering them an expanded vision by linking gestalt principles with those of group dynamics hence the title now almost thirty years later we are pleased to offer an updated and thoroughly revised version in this new edition will be found six of the most important chapters from the original augmented by thirteen new chapters from a much more diverse and senior set of contributors whereas all the contributors from the original book were americans the new version has chapters from outstanding other practitioners from sweden england australia and new zealand their writings in this book open up new territory and address fundamental issues in a more sophisticated and interrelated way in the thirty years since the original was published gestalt group therapists from around the world have had a good deal more connection and dialogue with one another sparked in part by the original version published in 1980 we believe that now once again gestalt group therapists will be greatly enriched by reading *beyond the hot seat revisited* which interestingly is the first book since 1980 that is devoted exclusively to the modality at least in e

simon cavicchia has oriented clarkson s seminal work of gestalt counselling in action within a more contemporary context adding voices of significant and divergent thinkers as counter point and extensions of the author s work michael clemmens gestalt institute of cleveland usa this popular and well written book which is now in its 4th edition provides an accessible and thorough introduction to the gestalt approach danny porter manchester gestalt centre now 24 years old with over 40 000 copies sold worldwide petruska clarkson s classic text is the definitive introduction to gestalt therapy this fourth edition updated by simon cavicchia covers the latest in gestalt theory research and practice it includes an extended case study running through the book to help you understand the process of therapy and the techniques used in each of the phases learning features and case examples translating theory into practice new reflection sections showing you the most recent developments in the field new material on the relational turn and research as a student of gestalt therapy this is the one book you need to buy it offers a uniquely practical and accessible approach to an often complex topic petruska clarkson was a professor and fellow of the british association for counselling and fellow of the british psychological society petruska sadly passed away in 2006 simon cavicchia is a primary tutor on the msc in gestalt psychotherapy and joint programme leader of the msc in coaching psychology ma in psychological coaching both at metanoia institute london

this seminal textbook on gestalt therapy refreshes the theory of gestalt therapy revisiting its european roots taking the basic premise that people do the best they can in relation to their own situation a thoroughly gestalt idea leading european therapist georges wollants explains gestalt theory and provides a useful critique of commonly taught concepts each section approaches a key area of psychotherapy theory in context while chapter summaries illustrations and worked through case examples help to make the theory accessible to all those training in gestalt therapy commentaries from current experts in different areas of gestalt provide a balanced overview of gestalt

therapy today the author brings in his extensive knowledge of european philosophers and psychologists to offer a unique insight into gestalt therapy a readable engaging clarification of gestalt theory and practice this will be a worthy addition to any trainee s reading list not only in humanistic and integrative counselling and psychotherapy but also pastoral care in wider mental health training

only a few teachers thinkers and writers among gestalt therapists have succeeded in extending its beautiful groundbreaking theory and practice which originally appeared in perls hefferline goodman s gestalt therapy which published in 1951 among this small group jean marie robine who lives in bordeaux france stands out as one of the most inventive and important figures on the current scene robine s special gift as a theorist is a sensibility that moves with ease from the philosopher s absorption in the task of fine tuning concepts to the clinician s fascination with the nuances of feeling and behavior the essays in this book illuminate one facet of gestalt therapy after another from fresh points of view despite robine s taste for the philosophical there are passages of personal reflection alongside samples drawn from individual and group sessions so that one comes away from the book with a sense of intimate connection between his development as a theorist and his experience as a therapist on the occasion of an other is a work of value for not only the gestalt therapists but also for all psychotherapists who use an existential humanistic approach in their clinical practice

documents of gestalt psychology brings together a collection of important papers that demonstrate the evolving ideas and methodologies within gestalt psychology a movement founded by wolfgang k hler max wertheimer and kurt koffka the book serves as a supplement to foundation contributions from the original pioneers of the movement as well as from their collaborators and students in his presidential address at the 1959 american psychological association convention k hler discussed the contrasts between gestalt psychology and other prevailing psychological approaches which collaboration between these diverse schools of thought this volume thus provides a modern extension of the gestalt tradition exploring its applications not only in cognitive psychology but also in social psychology motivation and art the selected essays mostly published since 1950 illustrate how gestalt psychology has continued to shape research and practice in these fields while the work of some key figures like kurt lewin and fritz heider is notably absent due to their previous inclusion in other collections the contributions presented here provide a comprehensive view of gestalt psychology s impact on american psychology particularly through the lens of the new school for social research this institution founded by wertheimer in 1933 has served as a hub for gestalt research in the united states making this volume a critical resource for understanding both the ongoing influence and the contemporary developments of gestalt ideas in psychology through these essays readers gain insights into how gestalt principles have evolved and integrated with new areas of psychological inquiry offering a nuanced perspective on the discipline s past and future directions this title is part of uc press s voices revived program which commemorates university of california press s mission to seek out and cultivate the brightest minds and give them voice reach and impact drawing on a backlist dating to 1893 voices revived makes high quality peer reviewed scholarship accessible once again using print on demand technology this title was originally published in 1961
