the life plan writing kit i have arrived to where i was going but it is not where i intended to be as nonsensical a statement as this may seem it is the paraphrased version of numerous peoples tales about their failure to advance in life and finding themselves at a dead end very few people actually set out in life to reach a point where they feel they are unrewarded and subject to the whims of the world at large but very few people actually sit down and write out a plan on how they are going to make certain they do reach their dream future that is mostly due to the fact that nobody is every taught how to actually plan for their future from a young age we are told to plan for your future but we are never actually told how we are to do that too often planning for your future turns out to be selecting a college to go to and what degree to attain and that is just about it what to do after that well that is just left up to fate and our environment the life plan writing kit is here to fill that void of knowing how to plan and specifically how to write your life plan the author uses a step by step process which first sets the reader to doing some serious contemplation about their existence and what they really want from life the reader is led down a path of liberation from the grooming of other persons in the readers life and made to challenge what is really important for their specific one of a kind future the process ends with the reader having written out their own life plan using the included workbook chapter so that everyone can complete the book having understood how to apply the concepts and go straight into writing their own life plan tired of exhausting yourself and getting nowhere going the wrong direction in life and want to get back on track simply have no idea what you are doing or
