this groundbreaking collection brings the middle ages to life and conveys the distinctiveness of this diverse constantly changing period thirty eight scholars bring together one medieval world from many disparate worlds from connacht to constantinople and from tynemouth to timbuktu this extraordinary set of reconstructions presents the reader with a vivid re drawing of the medieval past offering fresh appraisals of the evidence and modern historical writing chapters are thematically linked in four sections identities beliefs social values and symbolic order power and power structures elites organizations and groups packed full of original scholarship the medieval world is essential reading for anyone studying medieval history

drawing on the expertise of 26 distinguished scholars this important volume covers the major issues in the study of medieval europe highlighting the significant impact the time period had on cultural forms and institutions central to european identity examines changing approaches to the study of medieval europe its periodization and central themes includes coverage of important questions such as identity and the self sexuality and gender emotionality and ethnicity as well as more traditional topics such as economic and demographic expansion kingship and the rise of the west explores europe s understanding of the wider world to place the study of the medieval society in a global context

this ambitious and wide ranging study of the european middle ages respects the complexity and richness of its subject always accessible it is never merely superficial or over simplistic stressing the long term factors of continuity evolution and change throughout david nicholas discusses the social and economic aspects of medieval civilization and examines their links with political institutional and cultural development designed for students and non specialists his book triumphantly meets the need for a comprehensive survey of the medieval world within the covers of a single authoritative volume

a masterful narrative of the middle ages when religion became a weapon for kings all over the world in her earlier work the history of the ancient world susan wise bauer wrote of the rise of kingship based on might but in the years between the fourth and twelfth centuries rulers had to find new justification for their power and they turned to divine truth or grace to justify political and military action right began to replace might as the engine of empire not just christianity and islam but also the religions of the persians the germans and the mayas were pressed into the service of the state even buddhism and confucianism became tools for nation building this phenomenon stretching from the americas all the way to japan changed religion but it also changed the state the history of the medieval world is a true world history linking the great conflicts of europe to the titanic struggles for power in india and asia in its pages el cid and guanggaeto julian the apostate and the brilliant emperor charles the hammer and krum the bulgarian stand side by side from the schism between rome and constantinople to the rise of the song dynasty from the mission of muhammad to the crowning of charlemagne from the sacred wars of india to the establishment of the knights templar this erudite book tells the fascinating often violent story of kings generals and the peoples they ruled

the medieval world view presents the presuppositions of medieval society by integrating brief selections from primary texts and photographs into a narrative of the medieval world and its foundations part one presents the classical and biblical antecedents of medieval culture part two deals with the early middle ages and part three the high middle ages and beyond

the middle ages are known as a god fearing time a time of hard work and of squalid living conditions for the majority of the population or as a time of opulence that graced only the courts and halls of the reigning monarch in the secret middle ages malcolm jones presents a completely fresh view of the medieval world that will blow all stereotypes out of the water using a

wealth of little known and recently discovered artefacts and drawing particularly on humbler artworks jones paints a compelling picture of the visual environment of the great mass of ordinary people between 1200 and 1550 the picture that emerges is of a civilisation that is both like and unlike our own one that teems with the richness of life and its contradictions we find beliefs and traditions rendered memorable by the vivid creative imagination and strong visual culture of the middle ages love hatred crime and punishment proverbs heaven on earth husband beating all feature in the jewellery tableware illustrations carvings and textiles of the period a major reassessment of the high medieval period this revised and updated edition of the secret middle ages is essential reading for anyone curious about their ancestors as jones writes gems and precious metals may dazzle the eye but a pewter brooch tawdry as it may appear has the power to reveal far more of the real medieval world

presents a three volume set that examines the medieval civilizations of the muslims jews and christians including history economics medicine technology art literature and clothing

this book offers a voyage of discovery through the tough and turbulent times we know as the medieval ages an era of kings queens and conquest written for junior secondary students discovering the medieval world examines major aspects of medieval society by probing into the lives of the ordinary people who eked out an existence for themselves despite the many hardships

originally published mankato minn smart apple media 2009

illustrations and narrative work together in this book to present medieval culture as one visual image drawing extensively from a wide range of primary source material the breadth and originality of kleinschmidt's study will have an important influence on

scholarly perception of the middle ages as a period of continual change and continually changing attitudes book jacket

an engaging journey through the middle ages the medieval world explores a time of war invention exploration and extraordinary endeavour from the impact of religion on wars such as the crusades to the development of the printing press it delves into the events of this rich and intriguing era handsomely illustrated it explores the creation of dynasties and empires the daily life of serfs politics employment medical advancements art and literature it also reveals the stories of key figures in the period from joan of arc marco polo and saladin to the knights templar the medieval world is enriched by the inclusion of painstakingly researched documents such as joan of arc s final letter and extracts from the domesday book

a stanford university press classic

when one thinks of women in the middle ages the images that often come to mind are those of damsels in distress mystics in convents female laborers in the field and even women of ill repute in reality however medieval conceptions of womanhood were multifaceted and women s roles were varied and nuanced female stereotypes existed in the medieval world but so too did women of power and influence the pages of illuminated manuscripts reveal to us the many facets of medieval womanhood and slices of medieval life from preoccupations with biblical heroines and saints to courtship childbirth and motherhood while men dominated artistic production this volume demonstrates the ways in which female artists authors and patrons were instrumental in the creation of illuminated manuscripts featuring over one hundred illuminations depicting medieval women from england to ethiopia this book provides a lively and accessible introduction to the lives of women in the medieval world

the complete history of this exciting period in one comprehensive reference the middle ages fascinates scholars and laypeople alike the period has been romanticized misrepresented and misunderstood perhaps more than any other in history behind the imaginative stories of knights castles and epic quests there lies a medieval world that is every bit as incredible and intriguing as the fictional one only its people really lived its events actually happened and its achievements helped create the world of today the two volume encyclopedia of the medieval world provides a detailed look at this significant thousand year period broad cultural and geographic coverage based on reliable and accurate scholarship this comprehensive yet accessible encyclopedia covers the medieval world from scandinavia to the maghreb and iceland to moscow including byzantium seljuk and early ottoman anatolia armenia the kurds the levant syria and palestine approximately 2 000 entries offer exhaustive coverage on everything from significant personalities archaeology arts and architecture institutions literature philosophy and religion to economy law science technology politics and warfare reflecting the changes in scholarly interest that have occurred over the last two decades this encyclopedia is interdisciplinary and comparative with attentive detail to cultural and geographic subject matter topics that have been treated only marginally in previous publications on the middle ages such as women ecology ethnicity nationalism and labor are treated more thoroughly here making this an authoritative resource that readers with an interest in the middle ages will want to consult highly accessible historical information further readings listed at the end of all articles and a comprehensive bibliography in the second volume direct readers to the latest and most accessible scholarship more than 120 black and white photographs and illustrations depict battles significant individuals artifacts and more and stunning maps and charts make this period come to life a detailed index bibliography cross references and chronology complete this magnificent encyclopedia in a reference perfect for high school and college students academic scholars and general readers interested in the middle ages encyclopedia of the medieval world covers more information than any single reference book of its kind coverage includes significant individuals charlemagne gregory vii saladin archaeological

this insightful survey of the things of medieval europe allows modern readers to understand what they looked like what they were made of how they were created and how they were used  
all things medieval an encyclopedia of the medieval world covers the widest definition of medieval europe possible not by covering history in the traditional textbook manner of listing wars leaders and significant historic events but by presenting detailed alphabetical entries that describe the artifacts of medieval europe by examining the hidden material culture and by presenting information about topics that few books cover  
pottery locks and keys shoes weaving looms barrels toys pets ink kitchen utensils and much more  
readers get invaluable insights into the nature of life during that time period and area  
the heartland european regions such as england france italy and germany are covered extensively and information regarding the objects of regions such as byzantium muslim spain and scandinavia are also included  
for each topic of material culture the entry considers the full scope of the medieval period roughly 500 1450 to give the reader a historical perspective of related traditions or inventions and describes the craftsmen and

tools that produced it

from the islamic expansion into the middle east north africa and europe to the european discovery of the americas the times medieval world covers a period of cultural vibrancy and political diversity far from being a homogeneous world of knights and castles the medieval world saw a multitude of contrasting and often competing cultures many of which laid crucial foundation stones for the building of modern societies

what developments in government and society food and farming architecture science and technology art and literature medicine education and entertainment were there in the medieval world of europe and how did these compare with those made during the same time period in the islamic world and elsewhere in africa and asia what was happening at the same time in the americas packed with beautiful illustrations this book in the parallel history series for readers upwards of age nine will help you to explore the medieval world chronologically with timelines to show you when major events and achievements took place
