r m liuzza s broadview edition of beowulf was published at almost exactly the same time as seamus heaney s in reviewing the two together in july 2000 for the new york review of books frank kermode concluded that both translations were superior to their predecessors and that it was impossible to choose between the two the less celebrated translator can be matched with the famous one he wrote and liuzza s book is in some respects more useful than heaney s ever since the liuzza beowulf has remained among the top sellers on the broadview list with this volume readers will now be able to enjoy a much broader selection of old english poetry in translations by liuzza as the collection demonstrates the range and diversity of the works that have survived is extraordinary from heartbreaking sorrow to wide eyed wonder from the wisdom of old age to the hot blood of battle and to the deepest and most poignant loneliness there is breathless storytelling and ponderous cataloguing there is fervent religious devotion and playful teasing the poems translated here are meant to provide a sense of some of this range and diversity in doing so they also offer significant portions of three of the important manuscripts of old english poetry the vercelli book the junius manuscript and the exeter book

from tottel s miscellany 1557 to the last twentieth century oxford book of english verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry the importance of anthologies for creating and re creating the canon of english poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in britain or elsewhere in the english speaking world this volume is the first publication to explore the largely unmapped field of poetry anthologies in britain essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web

postmodern including deconstructionist and feminist readings the anthology is thus broadly conceived but by grouping the readings into sections such as expression and aesthetic object psychology and interpretation marxist theory and culture gender and difference it aims as well to provide depth of coverage for each topic or issue the book opens with a historical section containing substantial selections from plato aristotle hume kant shelley and nietzsche these readings introduce themes that recur and are developed in the remainder of the anthology
