continuing on from the bestselling three crooked kings jacks and jokers opens in 1976 terry lewis exiled in western queensland is soon to be controversially appointed police commissioner as for the other two original crooked kings tony murphy is set to ruthlessly take control of the workings of the joke while glen hallahan retired from the force begins to show a keen interest in the emerging illicit drug trade meanwhile ex cop and bagman jack herbert collects the payments and efficiently takes police graft to a whole new level the joke heralds an era of hard drugs illegal gambling and prostitution and leaves in its wake a string of unsolved murders and a trail of dirty money with the highest levels of police and government turning a blind eye the careers of honest police officers and the lives of innocent civilians are threatened and often lost as corruption escalates out of control revealing more incredible facts and previously untold stories award winning journalist and novelist matthew condon once again exposes the shocking behaviour outside the law by the law jacks and jokers is the gripping second instalment of the rise and spectacular fall of one man an entire state and generations of corruption

policing child sexual abuse provides a historical overview of the evolution of policing child sexual abuse in queensland tracing a legacy of failure even corruption in the decades leading

up to the foundation of task force argos a branch of the queensland police service created in part as a response to criticisms of police shortcomings in this area the book uses archival material as a foundation to trace the shifting approach to policing child sexual abuse csa from the 1960s when juvenile justice first became a central focus of policing in queensland to the 2010s at which point task force argos made international headlines for its primary role in bringing major international csa offenders like shannon mccoole benjamin warhead faulkner and richard huckle to justice examining archival material to pinpoint the reasons that csa was not dealt with effectively in the past the book shows that often these reasons were political unrelated to the policing of csa at all policing child sexual abuse stands as a testament to the victims of csa who have been failed by the system in the past in addition the book acts as a case study of how a police force with such a negative track record in policing this area was able to correct its path and reform its practices to the point that it could emerge as a world leader in policing csa though nominally focused on policing in one australian state the implications are global with task force argos s work naturally impacting on the csa investigations of all of its partner agencies both in australia and internationally demonstrating how even in contexts where police responses to csa have been met with significant criticism an opportunity still exists to reject historical failures in favour of a renewed commitment to proactive policing this book will be of great interest to scholars of policing historical criminology and child sexual abuse
