a curious thing happened to tim wallace murphy and marilyn hopkins when they published rex deus their first book on the bloodline of christ they were contacted by a man from the very lineage they were studying and instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the rex deus lineage exists and even disclosed some of its fundamental secrets the story of the rex deus families direct descendents of christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought instead of beginning during the time of jesus it stretches far back into antiquity to the egyptian mystery schools instead of being only a propagation of the holy bloodline the rex deus families are also carriers of the secret teachings of jesus custodians of truth reveals the purpose and secrets of the rex deus lineage jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings this secret knowledge was suppressed by the church in their voracious quest for power and influence in the secular world these teachings have manifested throughout history in different

in these troubled and extremist times when the religion and culture of islam is under seemingly perpetual attack it is salutary to consider how much we have in common and how much we in the christian west owe to the spiritual insights of that great culture religious toleration respect for learning the concepts of chivalry and brotherhood these principles were brought by the islamic moors when in medieval spain they acted as beacons of light in the dark ages of european religious arrogance intolerance and persecution the moors gave europe an architectural and artistic heritage that is still a source of wonder to the modern world it was in translation from arabic not the original greek that knowledge of the greek philosophy became prominent in christian thought western mathematics are based on arabic numerals and calculations and the first effective medical school in europe was founded by jewish doctors who had been trained in moorish spain and north africa tim wallace murphy shows how over the last century it was european western powers who laid the

foundations for the chaos that reigns in the middle east we need to find a just and equitable solution to these problems and we should begin by acknowledging our common spiritual heritage and the profound debt that western civilization owes to islamic culture
