this is an unnerving portrait of women caught in a web of shifting relationships within an upper class family in the years following the meiji restoration the beautiful immature girl whom she took home to her husband was a maid only in name tomo s real mission had been to find him a mistress nor did her secret humiliation end there the web that his insatiable lust spun about him soon trapped another young woman and another and the relationships between the women thus caught were to form over the years a subtle shifting pattern in which they all played a part

a tale of false fortunes is a masterful translation of enchi fumiko s 1905 1986 modern classic namamiko monogatari written in 1965 this prize winning work of historical fiction presents an alternative account of an imperial love affair narrated in the eleventh century romance a tale of flowering fortunes eiga monogatari both stories are set in the heian court of the emperor ichijo 980 1011 and tell of the ill fated love between the emperor and his first consort teishi and of the political rivalries that threaten to divide them while the earlier work can be viewed largely as a panegyric to the all powerful regent fujiwara no michinaga enchi s account emphasizes teishi s nobility and devotion to the emperor and celebrates her moral victory over the regent who conspired to divert the emperor s attentions toward his own daughter shoshi the narrative of a tale of false fortunes is built around a fictitious historical document which is so well crafted that it was at first

believed to be an actual document of the heian period throughout enchi's innovation and skill are evident as she alternates between modern and classical japanese interjecting her own commentary and extracts from a tale of flowering fortunes to impress upon the reader the authenticity of the tale presented within the novel

in imperial times in japan women were subservient inferiors in theory they were liberated by the democratic constitution imposed by the us after world war ii but in real life japan change is glacially slow here that slow changing reality is juxtaposed with the fast moving aspirations of japanese women the author achieves this through wide ranging interviews with japanese women and by using a range of contemporay japanese literature

this volume has a dual purpose it aims to define the state of japanese literary studies in the field of women's writing and to present cross cultural interpretations of japanese material of relevance to contemporary work in gender studies and comparative literature
