this book presents the view of psychology as a global enterprise the development of which is moderated by the dynamic tension between the move toward globalization and concomitant local forces it describes the broader intellectual and social context within which psychology has developed

the world library of mental health celebrates the important contributions to mental health made by leading experts in their individual fields each author has compiled a career long collection of what they consider to be their finest pieces extracts from books journals articles major theoretical and practical contributions and salient research findings miller mair clinical psychologist and psychotherapist devoted his life to developing a psychology that provided a radical alternative to the behavioural and latterly cognitive behavioural approaches that have dominated the field he presented this work in a wide range of publications and conference papers and prior to his untimely death in 2011

he had selected a number of these for a volume of his collected works this book is based upon miller's selection and includes several previously unpublished papers as well as others that are now out of print miller was considerably influenced by george kelly's personal construct psychology as is apparent in most of his writings however his papers on psychology and psychotherapy also draw upon an extraordinarily wide range of other fields of knowledge including imagery metaphor storytelling and narrative rhetoric discourse and conversation poetry and spirituality these concerns are reflected in the contributions selected for this volume which also demonstrate the variation in his style of writing from the more conventionally academic to the personal and poetic as he developed a poetics of experience and a stance of conversational inquiry miller's final publication was entitled *Enchanting Psychology* and it is hoped that this volume will provide an antidote to the disenchantment that many readers may feel with mechanistic and reductionist approaches in psychology and its clinical applications and more generally in health service rhetoric and policies as these writings vividly demonstrate a clinical psychologist and psychotherapist can and should also be a poet artist and storyteller the volume will be of value to readers previously unfamiliar with miller's ideas but also to those who know his work who will find here the first published selection of his papers

a history of psychology ideas context 5e traces psychological thought from antiquity through early 21st century advances giving students a thorough look into psychology's origins and development this title provides in depth coverage of intellectual trends major systems of thought and key developments in basic and applied psychology

offering a fresh accessible and global approach to the history of psychology the fully revised second edition of eric b shirae's *A History of Psychology: A Global Perspective* provides a thorough view of psychology's progressive and evolving role in society and how its interaction with culture has developed throughout history from ancient times through the middle ages and the modern period to the current millennium taking an inclusive approach the book addresses contemporary and classic themes and theories with discussion of psychology's applications and its development in many cultures and countries high interest topics including the validity of psychological knowledge and volunteerism offer readers the opportunity to apply the history of psychology to their own lives

more than any other full length text on the market the world of psychology supports student learning while helping students make the connection between scientific principles and everyday life the seventh edition of wood wood boyd's *World of Psychology* continues to respond to the changing needs of today's diverse student population students and instructors will benefit from exciting enhancements in content pedagogy and design while enjoying the accessible and engaging presentation that have made this text so successful over the years

psychology
