this book provides solid sociological foundations to computational social science css css is an emerging research field and many books with those words in the title are on the market however css has not become mainstream in sociology for which there are two reasons first css does not necessarily solve major research questions in sociology second its sociological foundations are weak these two reasons are interrelated that is css cannot solve major research questions because its sociological foundations are weak thus even if it tries to solve those questions its approaches seem to mainstream sociologists to miss the point to resolve that shortcoming this book fills the gap between css and sociology shows that css can solve major research questions in sociology and advances sociology by introducing to it theories and methodologies of css

a long awaited introductory textbook from one of the biggest names in world sociology

this 2nd edition provides readers with an updated single source reviewing and updating sociological theory in medical or health sociology the book not only addresses the major theoretical approaches in the field today it also identifies the future directions these theories are likely to take in explaining the social processes affecting health and disease many of the chapters are written by leading medical sociologists who feature the use of theory in their everyday work including contributions from the original theorists of fundamental causes health lifestyles and medicalization theories focusing on both agency and structure are included to provide a comprehensive account of this important area in medical sociology the book includes a new chapter on life course theory

publisher description

this text specifically for aqa specifications is designed to be easy and encouraging for students to use the book contains updated material and activities together with a new chapter on study skills it also indicates clearly where activities meet the new evidence requirements for key skills

looking for a textbook to help you motivate your students sullivan mizrahi s mathematics an applied approach 8 e

continues its rich tradition of engaging students and demonstrating how mathematics applies to various fields of study the text is packed with real data and real life applications to business economics social and life sciences the new eighth edition also features a new full color design and improved goal oriented pedagogy to further help student understanding

big changes are coming to the mcat in 2015 and kaplan is here to help you prepare for them with four brand new sections 80 more questions and the addition of new science content including biochemistry psychology and sociology the 2015 mcat will be a completely different test in order to be prepared you need to understand the exam and start planning for it now and this guide is the first step mcat 2015 what the test change means for you now is your complete guide to the new exam with outlines of both old and new subject areas a short form practice test to help you get ready and advice on choosing and prepping for the mcat that s right for you

sociology discovering society 2nd provides comprehensive coverage of sociology in an affordable paperback format with research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach instead of presenting every possible theory for each issue stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand this integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts

this best selling comprehensive text shares the excitement of sociology with the acclaimed down to earth approach that highlights the sociology of everyday life the 8th edition of this highly regarded text retains all the features that have made previous editions so successful the author has a unique ability to engage students without sacrificing content or talking down to them with wit personal reflection and illuminating examples henslin shares his passion for sociology with his readers like no other author of an introductory text can

this booklet contains tips on course goals and syllabi lecture preparation exams class exercises research projects and course evaluations it is an invaluable tool for first time instructors of the introductory course and for veteran instructors in search of new ideas
