finnish settler colonialism in north america reinterprets finnish experiences in north america by connecting them to the transnational processes of settler colonial conquest far

settlement elimination of natives and capture of terrestrial spaces rather than merely exploring whether the idea of finns as a different kind of immigrant is a myth this book challenges it in many ways it offers an analysis of the ways in which this myth manifests itself why it has been upheld to this day and most importantly how it contributes to settler colonialism in north america and beyond the authors in this volume apply multidisciplinary perspectives in revealing the various levels of finnish involvement in settler colonialism in their chapters authors seek to understand the experiences and representations of finns in north american spatial projects in territorial expansion and integration and visions of power they do so by analyzing how finns reinvented their identities and acted as settlers participated in the production of settler colonial narratives as well as benefitted and took advantage of settler colonial structures finnish settler colonialism in north america aims to challenge traditional histories of finnish migration in which finns have typically been viewed almost in isolation from the broader american context not to mention colonialism the book examines the diversity of roles experiences and narrations of and by finns in the histories of north america by employing the settler colonial analytical framework

jesus warned the world would hate christians if the world hates you know that it has hated me before it hated you john 15 18 as cultural hostility toward christianity intensifies many christians have grown more reluctant to advocate for biblical values in the public square but our perseverance for the common good a good defined by god alone is more important than ever in a culture that embraces darkness when culture hates you is a call for christians to unashamedly pursue righteousness in society out of our love for others in this timely resource author natasha crain will help you make sense of cultural hostility by better understanding the roots of secular outrage on issues like christian nationalism social justice abortion transgenderism and sexuality advocate for the godly functioning of society with greater biblical cultural and civic understanding take concrete action for the common good with more than 35 practical ideas to get you started as christians our calling is to speak truth in the face of hostility not because we want to war with culture but because we love both god and others

this book gathers an in depth collection of 45 selected papers presented at the global conference on global warming 2014 in beijing china covering a broad variety of topics from the main principles of thermodynamics and their role in design analysis and the improvements in performance of energy systems to the potential impact of global warming on human health and wellbeing given energy production s role in contributing to global warming and climate change this work provides solutions to global warming from the point of view of energy incorporating multi disciplinary expertise and approaches it provides a platform for the analysis of new developments in the area of global warming and climate
