broadening this growing field it connects the aesthetics of imperfection with issues in areas
including philosophy music literature urban environment architecture art theory and
cultural studies the contributors to this volume argue that imperfection has value in being

theatrical arts and literature the second half of this book then moves to categories in

everyday life and branches this further into body self and the person and urban environments together the chapters promote a positive ethos of imperfection that furthers individual and social engagement and supports creativity over mere passivity imperfectionist aesthetics in art and everyday life will appeal to a broad range of scholars and advanced students working in philosophical aesthetics literature music urban environment architecture art theory and cultural studies

description joe procopio live in concert solo collection it has always been difficult for young musicians to find the virtuosity of improvised music by master musicians written out so that they may study the musical minds of those they admire for example mozart considered by many to be one of the greatest composers once said it is a mistake to think that the practice of my art has become easy to me i assure you dear friend no one has given so much care to the study of composition as i there is scarcely a famous master in music whose works i have not frequently and diligently studied keep in mind that this was said by a master whose surviving music shows no erasures he simply heard it in his head and wrote it down with no mistakes in like manner improvisation is composing music off hand while composition is taking the time to think about your musical thoughts before writing them down it is safe to say that some of the world s most beautiful music by masters such as mozart and beethoven has never been heard except by those who were there at the time because the technology to record improvised music simply wasn t available and their improvisations were never recorded in like manner if one sees their compositions as frozen improvisation then the study of improvisation itself becomes another key for all musicians to unlock some of the mystery in making meaningful and long lasting music the following 8 transcriptions are written copies of improvised jazz solos recorded live and written down later here lies the wonder of recorded music now improvised music can be studied frequently and diligently from the cd joe procopio live in concert featuring joe greg procopio secret love track 1 my funny valentine track 2 the preacher track 3 this masquerade track 5 the argument track 6 stardust track 8 don t blame me track 9 i m confessin track 10 1 the enjoyment of music by joseph machlis 3rd edition 1970 w w norton company inc new york pg 205
