the magna carta sealed in 1215 has come to stand for the rule of law curbs on executive power and the freedom to enjoy basic liberties when the universal declaration of human rights was adopted by the united nations in 1948 it was heralded as a magna carta for all human kind yet in the year in which this medieval charter s 800th anniversary is widely celebrated the future of the uk s commitment to international human rights standards is in doubt are universal values commendable as a benchmark by which to judge the rest of the world but unacceptable when applied at home francesca klug takes us on a journey through time exploring such topics as british values natural rights enlightenment values and legal rights to convey what is both distinctive and challenging about the ethic and practice of universal human rights it is only through this prism she argues that the current debate on human rights protection in the uk can be understood this book

will be of interest to students of british politics law human rights and international relations

the practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone understanding popular culture and world politics in the digital age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age this volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of international relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture this book will be of use to international relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance the book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies

isis ebola social disorder religious persecution rampant immorality are these the harbingers of the biblical apocalypse of the end of the world if they are what do they mean and when can we expect this to happen in this eye opening book prophecy insider robert jeffress offers a reasoned look at these signs and what jesus christ himself meant when he talked about a future so horrendous that no human lives would be spared unless those days were shortened matthew 24 22 did he have our time in mind all over the world people are aware that something unprecedented in human history is about to happen countdown to the apocalypse presents vital information that everyone both inside and outside the church needs to know to be prepared
