publisher description

first published in 1991 routledge is an imprint of taylor francis an informa company

to say that writing has as much claim as speech to be treated as language may strike the reader as a statement of the obvious but the fact is that although the tide is beginning to turn now for most of the twentieth century linguistics has almost wholly ignored writing it is not necessary to accept all the theories of the french critic jacques derrida in order to agree with him when he describes writing as the wandering outcast of linguistics this book is offered in the belief that written language is a form of language as such it deserves to be treated with the methods of modern scientific linguistic study which have been increasing our understanding of the spoken form of language for many decades

an introduction to language introduces students to the fascinating study of human language engagingly and clearly written it provides an overview of the key areas of linguistics from an australian perspective unique to this text the international phonetic alphabet is represented by both hce and md versions allowing lecturers to use whichever ipa system they prefer premium online teaching and learning tools are available on the mindtap platform learn more about the online tools [au.cengage.com/mindtap](http://au.cengage.com/mindtap)

linguistics is a comprehensive crosslinguistic introduction to the study of language and is ideal for students with no background in linguistics a comprehensive introduction to the study of language set apart by its inclusion of cross linguistic data from over 80 different spoken and signed languages explores how language works by examining discourse sentence structure meaning words and sounds introduces psycholinguistic and sociolinguistic issues including language acquisition neurolinguistics language variation language change language contact and multilingualism written in a problem oriented style to engage readers and is ideal for those new to the subject incorporates numerous student friendly features throughout including extensive exercises summaries assignments and suggestions for further reading based on the bestselling dutch edition of this work the english edition has been revised and expanded to offer an up to date and engaging survey of linguistics for students new to the field

this companion offers a unique introductory study of linguistics in india well supplemented with sample problems and linguistic puzzles to bolster analytical skills and logical reasoning it promotes a unique inquiry based approach to learning linguistics the volume looks at all the major subdisciplines of linguistics including phonetics phonology morphology semantics syntax and the interdisciplinary domains of psycholinguistics and neurolinguistics it provides a wealth of data not only from many indian languages belonging to the primary language families present in the country indo aryan dravidian austro asiatic and tibeto burman but also

from the endangered languages of the tai kadai family of assam and the greater andamanese family the author gives a holistic view of the linguistic landscape of india and fills a significant gap in the study of the lesser known languages of south asia this volume will be an excellent resource for students and researchers of indian languages cultural studies south asian studies and all branches of linguistics
