a world history of political thought is an outstanding and innovative work with profound significance for the study of the history of political thought providing a wide ranging detailed and global overview of political thought from 600 bc to the 21st century treating both western and non western systems of political thought as equal and placing them as they should be side by side

engelmann revisits jeremy bentham s work in the context of later liberal political theorists

history of political thought covers detailed study of socialism and democratic socialism with all its forms such as fabian socialism and symbolicalism communism based on marxist thinking has been re interpreted moulded and amended by lenin and stalin in russia and by mao tse tung in china ideas of these thinkers have been presented in this book in a very simple and lucid language impact of anarchism fascism and pluralism in russia italy and germany and britain including its colonial empire has been very well explained opinions of modern thinkers like harold laski g d h cole and bertrand russell about new political traditions in the west have also been given in brief after independence due to great impact of indian political thought all over the world including indian polity and its people ideas of mahatma gandhi sarvodaya and of pandit jawaharlal nehru have been described in this book in a comprehensive manner the book deals with conflicting political ideas but author has made an attempt to describe these ideas with objective outlook in easiest possible manner in order to make it useful to students as well as to common reader

your conceptual toolkit for the study of political thoughtpraise for the first edition this seems really to have been written with the first year student in mind the editors write in a way that is clear intelligent and engaging without being at all condescending politics studies review new for this edition brand new chapter on international political thought reflecting one of the most striking developments in contemporary political theorythis textbook gives you all the vocabulary you need political conceptual and historical to engage confidently and deeply with political thought and the moral and political worlds in which we live it traces the history of political thought from plato and aristotle to kymlicka and rorty following a unique dual structure that introduces key thinkers and core concepts together making it suitable for any course structure

how are we to understand past political thinkers is it a matter simply of reading their texts again and again do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal in this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of hegel marx oakeshott collingwood the cambridge school foucault derrida and gadamer the application of these theories of interpretation to notable modern political theorists machiavelli hobbes locke rousseau kant hegel marx bentham mill nietzsche and beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought the result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation it provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking

resting on a set of great concepts that have emerged from the great conversation the development of political thought has literally determined the course of history and affected every dimension of human existence the limitations of our modern languages complicate any perception and understanding of these great concepts which emerged in languages of other societies with values much different from our own many of the words of modern political discourse rights democracy justice law freedom did not exist in ancient cultures that had no conceptions of their meanings other words government rule obligation obedience and others carried meanings for the great thinkers that modern thinkers would not recognize while this inconsistency permeates all historical thinking it is particularly true of political thought nationality citizenship nationalism and patriotism are new words devised by modern great thinkers to describe new notions nation people country community are old words whose meanings have become unstable and therefore explosive william h mott iv s in depth analysis in political thought spans hundreds of years of political philosophy and belies a deep interest and knowledge of politics

written simply and directly but without sacrificing intellectual depth this widely acclaimed text explores the preeminent theorists of western political thought from the pre socratics to the contemporary era the author provides an in depth analysis of a limited number of major thinkers which allows for a richly detailed examination of each philosopher in historical context western political thought second edition presents the fundamental terms ideas and dilemmas of western political philosophy in a straightforward easy to understand manner it organizes the theorists historically explains basic concepts in depth and draws out and analyzes the implications of various political theories moreover this cohesive volume employs an overarching theme examining each thinker in terms of the changing relationships of ethics and politics in western political philosophy

this insightful handbook reviews the key frameworks guiding political scientists and historians of political thought comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient greece until the nineteenth century

in this revised and improved second edition of a world history of political thought the comprehensive comparative analysis of political thought from 600 bc to the present day is given even more depth and context the result is an intriguing and accessible journey through world history and culture

this edition looks at the growing disenchantment with liberal democracy in ex communist countries continuing nationalist wars feminism and green ideologies as well as examining such topics as us right wing thought and islamic nationalism

the study covers different phases of the history of political thought in a detailed manner it examines skillfully the views and achievements of various political thinkers from plato to russell of 20th century the first chapter deals with ideas and accomplishments of plato in the second chapter the political thoughts of aristotle have been given in an exhaustive and elaborate way the following chapters throw light in detail on the thinking of many political thinkers like polybius cicero st aquinas dante marsiglio ockham machiavelli bodin grotius hoppes spinoza locke vico montesquieu voltaire hume rousseau kant burke paine bentham fichte hegel mill austin j s mill lenin stalin engels spencer green bradley bosanquet wallas mcdougall bagehot h j laski and other philosophers the book gives special importance to the political thoughts of karl marx gandhiji and mao it is designed to meet the requirements of the students the common readers will also find the book quite interesting and comprehensible

this highly regarded unique text introduces political philosophy by posing questions that help students engage in the process of political thinking

the handbook of political theory is a latest addition to the sage handbook collection as with all of our handbooks this is a definitive and benchmark publication that covers all aspects of a given subject this handbook is an essential purchase for everyone interested in political theory

comprising essays by eleven up and coming scholars from across the globe this collection of essays provides an unparalleled snapshot of new work in political philosophy using such diverse methodologies as critical theory and social choice theory historical analysis and conceptual analysis
