this is a story on steve langley s life from the 1930 s and in the wartime and postwar sydney slums the gangs of erskineville newtown and paddington streets where he made the breakaway to find a better life his story covers his various work endeavors on land and ships a broken marriage and with a new partner and ten month old baby son his move to a modern pioneer lifestyle in an abandoned homestead on bullock mountain there steve found in the high ranges of the beautiful new england region of nsw a wonderful way of life when he created a long distance horse trekking business catering to riders from all parts of the world

landscape of transformations presents a history of birmingham s built environment and chronicles the development of the city as it became the dominant industrial powerhouse of the south during the nineteenth century and well into the twentieth this is a work of broad cultural interpretation integrating industrial and commercial

architecture planned subdivision development and the housing of the urban poor while emphasizing the city's many transformations in an unusual approach michael w fazio interprets the human constructions and natural landscapes of birmingham as his text a medium in which society has not only located and contained itself but also encoded its values for subsequent generations fazio allows this landscape to speak openly sometimes eloquently and even tragically about historical events for example on the civil rights struggle rather than delving exclusively into political machinations and social structure the author considers some of the city's most important civil rights developments through their physical contexts the buildings streets and landscapes where they took place and looks for meaning in them in addition fazio traces the history of birmingham through the events circumstances and personalities that have shaped the city the book begins with an exploration of the preindustrial landscape continues with a look at the development of the iron and steel industries and culminates with an analysis of the planning developments that produced the university of alabama in birmingham and its medical center which replaced declining heavy industry as foundations of the local economy richly illustrated with black and white and color photographs maps and drawings landscape of transformations is one of the few studies to focus on industrial cities of the heartland architectural historians urban planners and historic preservationists will be fascinated by this profound story of coal iron architecture and the people behind the emerging personality of a leading southern city michael w fazio is professor emeritus in the school of architecture at mississippi state university he is coauthor of buildings across time an introduction to world architecture and the domestic architecture of benjamin henry latrobe
