excerpt from course of study for primary grades with suggestions to teachers for several years the general comment has been that the primary course of study was too difficult the revised texts have been followed in the accompanying approximation of work in planning the work for classes that use the old edition of texts either adapt the outlines to such texts or follow the outlines issued in 1913 w w marquardt acting director of education manila july 1 1915 about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com

this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

this comprehensive guide to primary education in the philippines provides teachers with a wealth of resources and practical advice for teaching young students written by the bureau of education this book draws on the latest research and best practices from around the world to create a flexible and effective curriculum for primary education this book is an essential resource for anyone teaching in the philippines or interested in the country s education system this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this edited book focuses on affordances and limitations of e books for early language and literacy features and design of e books for early language and literacy print versus e books in early language and literacy development and uses of and guidelines for how to use e books in school and home literacy practices uniquely this book includes critical reviews of diverse aspects of e books e g features and e book uses e g independent reading for early literacy as well as multiple examinations of e books in home and school contexts using a variety of research methods and or theoretical frames the studies of children s engagement with diverse types of e books in different social contexts provide readers with a contemporary and comprehensive understanding of this topic research has demonstrated that ever increasing numbers of children use digital devices as part of their daily routine yet despite children s frequent use of e books from an early age there is a limited understanding regarding how those e books are actually being used at home and school as more e books become available it is important to examine the educational benefits and limitations of different types of e books for children so far studies on the topic have presented inconsistent findings regarding potential benefits and limitations of e books for early literacy activities e g independent reading shared reading the studies in this book aim to fill such gaps in the literature

this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1919 edition excerpt constructive activities as purposeful activities in determining in what the constructive activities or projects of little children shall consist the motive prompting the children in the doing of any special task is of greatest importance also the fact that the activity shall wholesomely and naturally form an intrinsic part of the life of the child at any given time the motive may vary considerably and yet be acceptable it may be social and cultivate the growing and sharing spirit as when gifts are made for different seasons of the year or refreshments served for special occasions at school it may be the expression of the love of beauty and show itself in a desire to decorate the schoolroom or to make

covers and portfolios for the preservation of school work it may answer a special need as when costumes spears helmets and other accessories are simply made in order to lend to dramatic expression an added sense of reality or when material is needed for nature study it may furnish a fitting climax to industrial studies leading to an understanding of actual conditions as when jelly or biscuits are made from the fruit and grain harvested insistence upon a genuine motive there should be otherwise constructive activity loses its educational significance and becomes barren of its best results the love of beauty being essential to all appreciation and adequate expression it may be considered a dominant factor which permeates and accompanies all other motives in their attempts at realization hence the artistic training in design and color must be kept in mind crude results should be accepted and given due credit providing only that they represent the best effort of the child at any given time and that conditions exist for

excerpt from projects in the primary grades a plan of work for the primary grades and the kindergarten the development of children by a natural wholesome use of their interests and the life about them are frequently charged with neglecting their training in the mechanics of these tool subjects there is thus developed an apparent opposition between the two aspects of child development about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
