a partir de suas recordações de adolescência eduardo suplicy relata neste livro sua trajetória em busca de uma política econômica civilizada e justa para o brasil seus estudos dos textos de economia desde os clássicos até os dos grandes economistas da atualidade suas viagens pelo país observando as populações pobres e pelo mundo examinando experiências de diversas sociedades o levaram a desenvolver os argumentos em favor de um instrumento fundamental para garantir o direito à vida e à liberdade para todas as pessoas a renda de cidadania com esta narrativa que dá a dimensão de sua luta em defesa do ser humano confirmam se as palavras de cláudio abramo em 1978 eduardo matarazzo suplicy tem uma característica que me chamou a atenção desde nosso primeiro encontro um altíssimo grau de competência técnica aliado a um agudo sentimento de

compaixão humana e ambos assentados numa tranquila tenacidade por acreditar que a melhor forma de ajudar o povo brasileiro a sair de sua degradante condição é saber sofrer com ele mas saber com rigorosa precisão como curar a doença e para isso ter a força de insistir no combate cláudio abramo conclui É por isso que vejo em eduardo matarazzo suplicy um inestimável instrumento do povo brasileiro na sua luta contra o subdesenvolvimento a tirania da miséria e a servidão da ignorância

this book brings together philosophical approaches to explore the relation of recognition and poverty this volume examines how critical theories of recognition can be utilized to enhance our understanding evaluation and critique of poverty and social inequalities furthermore chapters in this book explore anti poverty policies development aid and duties towards the global poor this book includes critical examinations of reflections on poverty and related issues in the work of past and present philosophers of recognition this book hopes to contribute to the ongoing and expanding debate on recognition in ethics political and social philosophy by focusing on poverty which is one highly important social and global challenge if one believed that the theme of recognition had been theoretically exhausted over the last couple of years this book sets the record straight the central point of all the studies collected here is that poverty is best understood in its social causes psychic consequences and moral injustice when studied within the framework of recognition theory regardless of how recognition is defined in detail poverty is best captured as the absence of all material and cultural conditions for being recognized as a human being whoever is interested in the many facets of poverty is well advised to consult this path breaking book axel honneth columbia university

one of the most fundamental questions for social scientists involves diffusion events simply put how do ideas spread and why do people embrace them in diffusion of good government social sector reforms in brazil natasha borges sugiyama examines why innovations spread across political territories and what motivates politicians to adopt them sugiyama does so from the vantage point of brazilian politics a home to innovative social sector reforms intended to provide the poor with access to state resources since the late 1980s the country has undergone major policy transformations as local governments have gained political fiscal and administrative autonomy for the poor and other vulnerable groups local politics holds special importance municipal authorities provide essential basic services necessary for their survival including social assistance education and health care brazil with over 5 000 municipalities with a wide variety of political cultures and degrees of poverty thus provides ample opportunities to examine the spread of innovative programs to assist such groups sugiyama delves into the politics of social sector reforms by examining the motivations for emulating well regarded programs to uncover the mechanisms of diffusion her

analysis contrasts three paradigmatic models for how individuals choose to allocate resources by advancing political self interest to gain electoral victories by pursuing their ideological commitments for social justice or by seeking to demonstrate adherence to the professional norms of their fields drawing on a mixed method approach that includes extensive field research and statistical analysis on the spread of model programs in education especially bolsa escola a school grant program and health programa saúde da família a family health program she concludes that ideological convictions and professional norms were the main reasons why mayors adopted these programs with electoral incentives playing a negligible role

brazil is a country of sharp disparities the gap between the richest and the poorest is one of the largest in the world brazil inequality is well known but few studies have sought to investigate how forms of social exclusion constraint socioeconomic mobility why particular groups have remained persistently excluded and stuck in poverty this study seeks to explore these issues and to provide policymakers with a sense of the options they might consider to redress them

the world of public policy is becoming increasingly small due to dramatic changes in global communications political and economic institutional structures and to nation states themselves this book evaluates the implications of these changes and challenges for both the study and the practice of policy transfer and provides a unique understanding of the relationship between systemic globalizing forces and the increasing scope and intensity of policy transfer activity it provides an explanation of policy transfer as a process of organizational learning an insight into how and why such processes are studied by policy scientists an evaluation of its use by policy practitioners and the first published collection of policy transfer case studies between developed countries from developed to developing countries and from developing countries

moving beyond the post washington consensus this book shifts the focus of development policy debates away from expenditures and austerity and towards revenues and resources the book explores the potential and the developmental impact of different categories of resources for financing social policy in a development context
