offers a brief history of the catholic church from its roots in the teachings of jesus christ to the present day

for nearly twenty centuries the roman catholic church withstood all the currents of change and history and maintained a closely guarded orthodoxy which has always served as the basis and center of all christianity yet it is as if all of that has been just arbitrarily swept away in the few years since vatican ii given what the church has always taught about itself being indefectible how could this have happened did that council have something to do with that terrible loss of faith can the real catholicism be found today and if so where the shocking answer to this once seen and truly understood is as every bit as glorious as the original resurrection of christ himself a tremendous source of faith and inspiration it is a broad based longstanding miracle passing right before our eyes have we but the grace to see it for what it is

walter kasper is already well known and loved throughout the english speaking world he has held high office in the vatican but until his recent retirement has felt constrained from publishing what he really thinks and his vision of the church for the future kasper brings to conclusion a project that has been pursued for years as it joins together his greatest monographs on the subject of god s teaching and christology the book covers three main topics nature reality and the mission of the church the introductory section is autobiographical and the reader can see kasper s personal and theological way in to and with the church he develops the actual ecclesiological exegesis for kasper the representation of the being of the church is not about empirical description but rather a testimony of being he emphasizes that nobody is able to apply the stereotypical and idealistic image of the heavens to the critical acknowledgement of the church s present the program of the church is ultimately not self directed but rather remains oriented towards the finalization of the arrival of the kingdom of god and the spiritual healing of the human race
