unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

the royal institute of philosophy has been sponsoring conferences in alternate years since 1969 these have from the start been intended to be of interest to persons who are not philosophers by profession they have mainly focused on interdisciplinary areas such as the philosophies of psychology education and the social sciences the volumes arising from these conferences have included discussions between philosophers and distinguished practitioners of other disciplines relevant to the chosen topic beginning with the 1979 conference on law morality and rights and the 1981 conference on space time and causality these volumes are now constituted as a series it is h

this is the third edition of a classic book first published in 1960 which has sold thousands of copies in two paperback edition and has been translated into several foreign languages popkin s work has generated innumerable citations and remains a valuable stimulus to current historical research in this updated version he has revised and expanded throughout and has added three new chapters one on savonarola one on henry more and ralph cudworth and one on pascal this authoritative treatment of the theme of scepticism and its historical impact will appeal to scholars and students of early modern history now as much as ever

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this is a thoroughly revised and expanded edition of richard popkin s classic the history of scepticism first published in 1960 revised in 1979 and since translated into numerous foreign languages this authoritative work of historical scholarship has been revised throughout including new material on the introduction of ancient skepticism into renaissance europe the role of savonarola and his disciples in bringing sextus empiricus to the attention of european thinkers and new material on henry more blaise pascal thomas hobbes baruch spinoza nicolas malebranche g w leibniz simon foucher and pierre daniel huet and pierre bayle the bibliography has also been updated

a completely new translation of the works of descartes is intended to replace the haldane and ross edition first published in 1911 all material from that edition is translated here with a number of other texts crucial for understanding cartesian philosophy
