considered an expert about the book of enoch dr randy delp has put together an  
 analysis of this ancient book to explain why jesus and the new testament writers  
 were not only influenced by the book of enoch they quoted its contents cited its  
 texts and labeled it scripture the teachings of enoch have influenced every major

monotheistic religion including islam judaism christianity and zoroastrianism and vestiges can be found in hinduism and other ancient religions the footprints of his teachings are seen throughout every generation and the finality of his message has yet to be fulfilled enochs influence in astronomy history religion education and para psychology has forged how society thinks today it is significant to note that the prophet named enoch who was born seven generations after adam and eve may be the only person in history who has had a positive effect on every major and minor religion while nothing negative is ever spoken about him

members of the church of jesus christ of latter day saints tend to see the book of mormon through the lens of personal use as a single textual and scriptural monolith the book of mormon that is somewhat natural since we tend to have at hand and in use only the copy or version in our language needed to study it for inspiration in the process the point tends to get overlooked that while we may accept the text as inspired the physical embodiment of that text the book of mormon is a mortal reality the book of mormon while it has a spirit also has a mortal body or rather bodies existing in space and time as such it has a history and because it comes to us in the form of a book it also has a book history this study is divided into three parts the first part is a straightforward history of the edition s editing production and manufacturing processes it examines key points in the reprint history of the book following important factors in the subsequent impressions of the work across nearly thirty years of re impressions corrections transfers and one new format the narrative crowded into chapters one through four together leave part ii to catalogue the bibliographic minutia that is the beating heart of analytic book history and which provides entertainment for true blooded bibliophiles the details contained in the production and manufacturing contracts and coupled to the typographical evidence explained in part iii together resolve once and for all the question of what

constitutes the 1920 edition and what does not

in this timeless collection of quotes readers can revisit their favorite moments from all nine original little house books alongside beautiful black and white illustrations a thoughtful graduation gift for the little house fan in your family laura ingalls wilder s beloved little house series captured her childhood adventures growing up on the american frontier this illustrated collection of thoughtful words and wisdom showcases her poignant wit and enduring spirit and is the perfect gift for any little house fan now is now it can never be a long time ago wrote laura ingalls wilder in little house in the big woods
