the body occupies a prime position in contemporary theoretical work yet still there is no consensus on exactly what it is and what constitutes it contested bodies brings together a number of different accounts and perspectives on the body drawing out some of the key connections and disjunctures from this most contested of topics this volume features fresh and fascinating contributions from some of the leading thinkers and upcoming theorists in the field themes that run through the work include the place of the body in theory the notion of labour in the production of bodies the transformative potential of bodies on spaces grounded in real life experience and examples this key text will be a valuable reference for undergraduates of sociology and gender studies

visual culture is all around us television dance film fashion painting sculpture installation and fine art are only a few of its many faces feminist visual culture looks at feminist theory the role of women and the contribution of women artists to the world of visual culture this substantial introduction

provides an overview of visual culture and of the origins of feminist practice in the volume's three sections: fine art, design and mass media. The authors discuss the visual media specific to that area, incorporating wider issues such as class, culture and ethnicity. Each chapter is written by a woman working in a different field of visual culture. A topical and comprehensive introduction to feminist visual culture will be a valuable tool for readers and students in women's studies, visual studies and media studies.

original scholarly monograph

*Sociology of the Body* brings together 48 essays exploring the multitude of ways in which human bodies shape and are shaped by society. The volume is organized thematically in 16 sections, each consisting of three essays. Each section begins with a detailed introduction in which the editors, Claudia Malacrida and Jacqueline Low, explain the essential historical context, offer insight into the readings that follow and underline the connections between them. Throughout these introductory essays, terms and concepts specific to the discipline are highlighted and explained. Together, these features make *Sociology of the Body* an invaluable text for upper-level undergraduate courses, not only in sociology but in gender and cultural studies, as well as kinesiology and nursing. **Book Jacket**

argues that the youth use the to experiment with and deploy a number of rhetorical strategies that tell about their vision for the communications technologies and the literacy practices they use to engage that technology.
