complex issues surround second language acquisition and foreign language learning in any language there is no doubt that individuals are capable of acquiring two or more languages at different stages of human development particularly in childhood research investigating how adults acquire two languages also carries important insights into what takes place during later stages of human development from the fact that early and late bilinguals are faced with two languages in diverse stages of cognitive development we can predict differences in language processing between these two groups in the case of the japanese language unfortunately far fewer studies â particularly those written in english â have been presented on foreign language learners and bilingual children designed to address some of these gaps in the literature the chapters included in this book discuss various issues with regard to adult learners of japanese as an l2 and english japanese bilingual children this book provides the reader with an overview of the field of japanese linguistics and its current concerns one of the main purposes of the book is to provide a forum in which to examine contributions in a variety of areas of japanese linguistics to the teaching and learning of japanese in the l2 classroom this book has at least two interrelated areas of benefit first both researchers and teachers benefit from each otherâ tm s expertise and receive new insights that apply to their respective fields second and more important the book serves as a forum to promote ways in which we can apply linguistic theory to the learning of japanese as an l2 that is what researchers have learned from both theory and practice can suggest what is important for the teaching of language conversely language educators have a great deal to offer linguists regarding the phenomenon of language thus the goal of this book is to integrate theoretical concepts and empirical research findings in l2 development in order to apply them to educational practice

this book enables you to to recognize the 500 most essential japanese kanji easily and to memorize their readings and meanings quickly and easily this book teaches an innovative new method to learn the basic 500 japanese characters teaching you how to

recognize the kanji easily and to remember their readings and meanings learning to read japanese and write japanese requires knowing hundreds of kanji traditionally the ability to learn kanji characters was accomplished purely by rote memorization this method is extremely slow tedious and time consuming the new science of mnemonics has changed all that by associating an easily remembered visual image and story with each kanji the learner is able to commit the characters to long term memory far more easily and quickly than ever before mnemonics also dramatically helps students to write kanji as well this revolutionary new method has been tried by many thousands of students and it really works using a systematic building block approach to written japanese this beginner kanji book also shows you how more complicated characters are constructed from simpler elements and similar mnemonic strategies are provided for learning the different pronunciations or readings of the characters use the downloadable audio recordings by japanese native speakers to perfect your pronunciation it also provides a unique interactive software program showing you how to write each character and allowing you to write it yourself on screen this book can be used by anyone and requires no prior knowledge of the japanese language it can be used in conjunction with any japanese textbook to learn the important kanji characters upon which the language is based key features of this book include drawings and stories to create mental associations for the characters that stick in the brain and allow you to recall their meanings and readings downloadable content shows you how to write each kanji character native speaker audio recordings for all the kanji characters vocabulary and sample sentences sample sentences to expand your vocabulary by showing you how the kanji are actually used extensive review exercises to reinforce what you ve learned user friendly indexes allowing you to look up the kanji and use the book like a kanji dictionary the 500 kanji characters provided in this book include all the characters needed for the ap and jlpt level 4 and 5 exams giving you access to approximately 80 percent of all the kanji characters you encounter in japan

using second language l2 socialization theory as a theoretical framework this book investigates the ways in which four advanced learners of japanese on an immersion program in the usa exercise their agency to pursue their language learning goals the work presents their learner portraits and documents the different ways in which the four learners negotiate the meaning of their

participations in the new community of practice navigate and shape the trajectories of their learning and eventually achieve their goals of learning from their emic perspectives the book re examines norton s 2000 constructs of investment investigates its applicability and argues that l2 learners desires and drives for learning an l2 are more diverse unique and contextually situated than norton s notion of investment alone can explain the research will be of interest to researchers and students in the fields of applied linguistics second language acquisition foreign language education and language and literacy education

we invite you to explore the third issue of our 10th anniversary series in the journal of international students the covid 19 global pandemic has affected every facet of our lives and international students are profoundly impacted by the uncertainty in higher education worldwide the cutting edge research and analysis from our authors continues to be critical as we navigate new realities together issue 10 3 continues our yearlong celebration with essays from influential voices in the field who highlight the importance of supporting international students and immigrants in these challenges time the diversification of students and teaching and engaging international students
