looking beyond the text investigates the production transmission and reception of texts and manuscripts in ancient egypt focusing on the complex practices and culture of the scribes

who made them drawing on theories and methods from other disciplines such as literary studies neuroscience and book history the authors discuss the physical practices of writing social contexts of texts and manuscripts and scribes themselves the papers examine a wide range of manuscripts including letters medical compendia poems religious corpora and other text genres written on varied media in different time periods the resulting collection offers new perspectives on the key role of scribes in ancient egypt and models more contextualized and materially informed modes of philology

index of pedigrees and alliances many a noble lord paramount in his own country would be astonished to find that his less distinguished neighbour was of a nobility as ancient as his own

this catalogue is published in conjunction with the exhibition the dawn of egyptian art on view at the metropolitan museum of art new york from april 10 to august 5 2012 t p verso

the haunted study a rare example of a work of literary history that is genuinely interdisciplinary explores how the leading novelists of the late victorian and edwardian periods came to develop so many of the attitudes that are now generally accepted as characteristically modern the writing of fiction is not treated as though it exists in some kind of isolation but is shown to be intimately related to other forms of social activity conrad james meredith and their immediate modernist successors joyce lawrence and woolf may now seem to be set apart in a variety of crucial ways from say ouida and marie corelli or even gissing wells and bennett but all of them worked within the same rapidly changing society and were unavoidably influenced by its dominant economic political and cultural concerns these influences were not peripheral but central and formative they profoundly affected the creation of a commercially fragmented culture as well as the nature of fiction within that culture the haunted study covers an exceptionally large number of authors from the critically despised to the critically admired and examines the impact on their work of such factors as the professionalisation of literature the earning power of authors the emergence of new kinds of readers and disturbingly present throughout the whole period fundamental democratic change

examines the landscape climate weather population culture and industries of japan

this diverse collection of papers aims to reflect a broad area of subjects that have captured john baines interests over the years focusing in particular on the ancient egyptian world the first part of the volume is made up of papers on the written word text and language and the second part focuses on the sensory world of art religion and experience the final section of the book consists of essays on the politics value and landscape of ancient culture
