in a time where the usa seems frantic to maintain their world domination by funding a crusade for democracy it is easy to paint china as an enemy that needs to be kept in check but is world domination the right goal what about world peace and harmony for all people the greatest challenges facing humanity now are global in nature crossing countries and cultures the world doesn't need another religious or ideological battle such as democracy vs communism it needs all the citizens of our world but in particular our world leaders and advisors to truly lead in building empathy and mutual trust promoting cooperation over competition for the benefit of all humanity as such a greater understanding of china is no longer optional in our global village it is necessary if we want to tackle global challenges such as the covid 19 pandemic or face critical world issues such as climate change world peace and collaborative governance as china returns to its original path and reinstates itself as one of the key world leaders it demands to be treated with respect and as an equal china is not our enemy their confucian roots are strongly grounded in building harmonious human relationships and we in the west must build our empathy and knowledge so we can see more shades of grey in this complicated world we all share this planet and its future destiny together and confrontational western thinking will only lead to war this macroscopic view of chinese civilization and cultural development will help western educated readers better interpret world events through a broader and deeper understanding of chinese ways of thinking and behaving china's historical trajectory and trends current developments and the context behind and around them the authors suggest that we need to view the chinese way as complementary instead of focusing on the differences we should spend our energy and resources improving our world instead of minimizing others to maintain superiority each of us can change the world for the better let's replace us versus them thinking with more we and more trust as mutual understanding and tolerance will enable all of us as humans on earth to live in greater harmony with each other and with ourselves

sometimes life seems to be not going where you want it to you wanted something so bad but it didn't come to pass have you ever had thoughts that god doesn't care he's not listening why did that happen to you sometimes things do not happen in our timing but not because god doesn't care you're his most important possession maybe if you look at things from a different perspective and pray for guidance you could see something better is in store maybe god is protecting us physically and financially just maybe he is helping us to have faith these stories of timing i hope will help you see a larger picture and have faith god is working on our behalf knowing god's timing might not be our timing
