the victorian freak show was at once mainstream and subversive spectacles of strange exotic and titillating bodies drew large middle class audiences in england throughout much of the nineteenth century and souvenir portraits of performing freaks even found their way into victorian family albums at the same time the imagery and practices of the freak show shocked victorian sensibilities and sparked controversy about both the boundaries of physical normalcy and morality in entertainment marketing tactics for the freak show often made use of common ideological assumptions compulsory female domesticity and british imperial authority for instance but reflected these ideas with the surreal distortion of a fun house mirror not surprisingly the popular fiction written for middle class victorian readers also calls upon imagery of extreme physical difference and the odd bodied characters that people nineteenth century fiction raise meaningful questions about the relationships between physical difference and the social expectations that shaped victorian life this book is primarily an aesthetic analysis of freak show imagery as it appears in victorian popular fiction including the works of charles dickens wilkie collins guy de maupassant florence marryat and lewis carroll it argues that in spite of a strong nineteenth century impulse to define and defend normalcy images of radical physical difference are often framed in surprisingly positive ways in victorian fiction the dwarves fat people and bearded ladies who intrude on the more conventional imagery of victorian novels serve to shift the meaning of those works main plots and characters sometimes sharpening satires of the nineteenth century treatment of the poor or disabled sometimes offering new traits and behaviors as supplements for restrictive social norms book jacket

society has long been fascinated with the freakish shocking and strange in this book gary cross shows how freakish elements have been embedded in modern popular culture over the course of the 20th century despite the evident disenchantment with this once widespread cultural outlet exploring how the spectacle of freakishness conflicted with genteel culture he shows how the condemnation of the freak show by middle class america led to a transformation and merging of genteel and freak culture through the cute the camp and the creepy though the carnival and circus freak was marginalised by the 1960s and had largely disappeared by the 1980s forms of freakish culture survived and today appear in reality tv horror movies dark comedies and the popularity of tattoos freak show legacies will focus less on the individual freak as the other in society and more on the audience for the freakish and the transformation of wonder sensibility and sensitivity that this phenomenon entailed it will use the phenomenon of the freak to understand the transformation of american popular culture across the 20th century identify elements of the freak in popular culture both past and present and ask how it has prevailed despite its apparent unpopularity

the untold story of the victorian freak show and circus and the remarkable cast of characters who performed in them

there exist problematic attitudes and beliefs about dwarfism that have rarely been challenged but continue to construct people with dwarfism as an inferior group within society this book introduces the critical term midgetism which the author has coined to demonstrate that the socio cultural discrimination people with dwarfism experience is influenced by both heightism and disablism as a result it unpacks and challenges the problematic social assumptions that reinforce midgetism within society including the acceptability of midget entertainment and non normate space to demonstrate how particular spaces can either aid in reinforcing or challenge midgetism drawing on the tripartite model of disability this book demonstrates how midget entertainment is framed as a non normative positivism which makes it an acceptable form of employment using autocritical discourse analysis the book exposes examines and responds to excuses that are used to reinforce midgetism thus critiquing the numerous beliefs influenced by cultural representations of dwarfism such as people with dwarfism being acceptable figures of entertainment it will be of interest to all scholars and students of disability studies social history sociology and cultural geography

this book offers new readings and interpretations of the non normative narratives of freak show performers in the victorian period as they have been reimagined by contemporary fictions museum exhibitions and other aspects of the heritage experience the growth of scholarly interest in institutional histories has been mapped by a surge of neo victorian fiction about historical performers with disabilities supported by scholarship in response to these representations this study offers the first extensive analysis of the continued display of the bodies and artefacts of historical figures linked to the freak show and the significant theoretical connections between these displays and broader cultural and fictional representations it argues that museum displays archives and fictional adaptations intersect through a much more complex and intriguing dialogue than has previously been identified shedding light on the way in which historical disability functions in the twenty first century

this volume explores the many paradoxes of neo victorian biofiction a genre that yokes together the real and the imaginary biography and fiction and generates oxymoronic combinations like creative facts fictional truth or poetic truthfulness contemporary biofictions recreating nineteenth century lives demonstrate the crucial but always ethically ambiguous revision and supplementation of the historical archive due to the tension between ethical empathy and consumerist voyeurism between traumatic testimony and exploitative exposé the epistemological response is per force one of hermeneutic suspicion and iconoclasm in the final account this volume highlights neo victorianism s deconstruction of master narratives and the consequent democratic rehabilitation of overlooked microhistories

great britain is changing and so is europe the aim of this book therefore is to reflect upon the processes of re creation of art and literature within and against the backdrop of the shifting paradigms of the world as we know it at a time when the political relations between great britain europe and the rest of the world are being redefined this book examines the de construction of modern identities through the de codification of classical and contemporary mythologies

neo victorian freakery explores the way in which contemporary fiction film and television has revisited the lives of nineteenth century freak show performers it locates the neo victorian freak show as a crucial forum for debating the politics of disability gender sexuality and race within the genre more broadly

the first monograph on the construction and treatment of disability across britain and its empire from 1800 to 1914

seminar paper from the year 2022 in the subject film science grade 1 3 university of cologne department of english course thinking about the human meanings tensions and contradictions in u s history language english abstract looking at movies like freaks or american horror show the question is how this concept can be understood in the context of freaks and freakishness whether it is solely related to physical deformity how this concept is expressed culturally what horror is and how it works above all there is the question of how freaks and freakishness are associated with horror how they are supposed to generate fear in the viewer and how this could be concretely illustrated by an example the series american horror show freak show and the episode rosa cupcakes are approached from the perspective of these questions in order to find basic answers to these questions the first part of this work roughly deals with freaks in american history and culture terms are explained and the understanding of freaks and their representation in films is discussed this is followed by a reference to monsters and their connection to the horror genre which is outlined in its early development in america in order to understand the effect of horror in films better basic typical film techniques of the horror genre are discussed in the second part a short introduction of the series follows and then the analysis of the episode rosa cupcakes where the focus lies on the representation of freaks and freakishness with their connection to horror finally the insights gained are related to the questions mentioned at the beginning and put into the overall context

this volume in this exciting new series provides a detailed yet accessible study of gothic literature in the nineteenth century it examines how themes and trends associated with the early gothic novels were diffused widely in many different genres in the victorian period including the ghost story the detective story and the adventure story

a history of the british empire from an entirely fresh perspective more than shakespeare more than the invention of the railway it was empire which made britain into great britain by the early 20th century that empire covered around a quarter of the earth s surface and embraced more than a quarter of its inhabitants

in the modern western world hundreds if not thousands of contagious ideas spread by word of mouth or through the media spells or memes make up contemporary culture and affect just about every aspect of our daily life some of the most powerful of these spells form the core of mesmerization in this highly visual publication the many facets of each spell are dissected and analysed within a unique graphic formula that exposes and encapsulates its meaning and purpose the most successful of such constructs are the creation of the media the image makers advertising executives newspaper editors creatives designers photographers and film producers who make up the ranks of the creative elite their dreams of affluence comfort and wellbeing are being emulated the world over more than we know they determine what we believe how we behave and think and control our decisions as to what gets made what gets seen what gets heard but there are cracks in this wonderland psychological disorders drug dependency obesity gun crime and social addictions are on the rise worldwide the gaping disparity between rich and poor nations religious unrest disease and famine resource scarcity and fears over climate change head the agenda the influence and aspirations of our lifestyles are central to these issues how can we make headway in confronting our wider realities when we have an image machine that is totally at loggerheads with the need for restraint by revealing the collective power of these insidious cultural influences mesmerization is a challenge to the creative industry to those who control the motivational drivers underpinning the global psyche in their hands rests the ability to change and transform future behaviour this publication provides the catalyst

for centuries visitors to burma have come away with a sense of awe and respect for a highly civilized people who live in an incredibly beautiful country burma is a land with

considerable natural resources that should be one of the wealthiest in asia but while some other southeast asian countries have democratized and prospered burma has not the burmese are ruled by a highly repressive military dictatorship which has ruined the economy and imprisoned its own people in a living hell where they are deprived not only of their livelihood but also their most basic civil rights the military junta has raped the land as well as the people and has transformed one of the wealthiest nations in asia into one of the poorest with an annual per capita income of under usd300 while many burmese have resigned themselves to their fate others continue to resist the tyranny that has overwhelmed their country aung san suu kyi and other leaders of the opposition national league for democracy nld and the burmese democracy movement in burma and abroad have demonstrated tremendous courage and endured considerable suffering in their efforts to inaugurate a democratic society in their land through the eyes of burmese and foreign scholars who present a variety of perspectives of life in this noble land this study aims at a collective portrait of the dismal reality of a suffering citizenry who if allowed to be free could be among the most creative energetic and productive people of asia it also looks at the complexity of a highly heterogeneous people striving to find a collective identity amidst the chaos of savage repression
