there is another world that is completely hidden to most of us i call this the invisible world the reason why most of us cannot see this is because most of the time we use our physical eyes or the eyes of the senses my first encounter with the invisible world happened when i read this sentence from the little prince what is essential is invisible to the eye and i thought to myself what kind of madness is this we have all been taught from childhood that what matters most are the things we can see and touch and taste and hear and smell now you re telling me that the important things the essential things that truly matter are off limits to the eyes it took me a lot of time and courage before this piece of wisdom sinks deep into my consciousness yes virginia there is an invisible world and more than that it is the real santa claus granting us our every wish this book will tell you how to enter the invisible world how to harness its tremendous power to achieve your dreams and why you are guaranteed to succeed if you just follow the seven steps here is my reflection on what is essential is invisible to the eye our eyes can see but it cannot understand it can watch and participate in the destruction of the berlin wall but cannot understand the deeper meaning of freedom the eyes can ask in bewilderment what s the fuzz all about why is everybody celebrating it s just a wall like any other wall because it fails to understand what is essential the eyes can see the wall because it is visible but the eyes cannot see freedom because it is invisible happy reading
