the history of jehovah s witnesses in europe has always been one of persecution this third volume documents this history turning eastward for the first time the circumstances of a religious minority under different political systems can be compared across the continent the studies gathered here provide insight into the methods of repression used by governments and mainstream churches the survival strategies of jehovah s witnesses and their various experiences under eastern european dictatorships the initially cordial relationship with jehovah s witnesses that developed after 1990 has steadily reverted to religious discrimination culminating in russia s renewed ban of jehovah s witnesses in 2017 and the confiscation of their properties by violating the universal human right of religious freedom the same conditions that prevailed in the soviet era have now returned to modern russia with severest discrimination and abusing jurisdictional procedures to reach their political aspirations the state tries to crush a religious community against this background it is all the more important not to turn a blind eye to the situation of religious minorities in eastern europe but instead to take an honest public stance against it

this handbook explores contemporary mormonism within a global context the authors provide a nuanced picture of a historically american religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today they explain where and how the church of jesus christ of latter day saints has penetrated national and cultural boundaries in latin america oceania europe asia and africa as well as in north america beyond the borders of mormon utah they also address numerous concerns within a multinational multicultural church what does it mean to be a latter day saint in different world regions what is the faith s appeal to converts in these places what are the peculiar problems for members who must manage mormon identities in conjunction with their different national cultural and ethnic identities how are leaders dealing with such issues as the status of women in a patriarchal church the treatment of lgbtq members increasing disaffiliation of young people and decreasing growth rates in north and latin america while sustaining increasing growth in parts of asia and africa

timing is everything for half a century christopher raoul carranza along with others has been passionately criticizing dispensationalist pastors and mainstream american churches for promoting a distorted version of salvation nineteenth century dispensationalism is a contemporary version of a gnostic

gospel that has existed for nearly two millennia but suddenly the very people who had dogmatically defended protestant easy believism and the old dispensational gospel are themselves adding contradictory conditions to their teachings why it appears that by borrowing the dispensational foundational teachings like behavior doesn't matter an emphasis on christ's finished work on the cross and the practice of the sinner's prayer pseudo conversion the homosexual community has found a cure for the chronic blindness of mainstream protestantism and dispensationalism many mainstream pastors are now rushing to reassess and reshape core beliefs and doctrines that were once regarded as foundational and unquestionably biblical churches are splitting over this issue in this book carranza illustrates how the entirety of american protestantism has gradually degenerated into a more nuanced and insidious manifestation of the already distorted nineteenth century american religious mindset what began as a slow fall to the bottom a christianity that prioritized pleasing the masses and catering to their desires for a more palatable form of faith turned into a landslide
