in this fiercely urgent book matthew pratt guterl focuses on how and why we come to see race in very particular ways what does it mean to see someone as a color as racially mixed or ethnically ambiguous what history makes such things possible drawing creatively from advertisements youtube videos and everything in between guterl

redirects our understanding of racial sight away from the dominant categories of color away from brown and yellow and black and white and instead insists that we confront the visual practices that make those same categories seem so irrefutably important zooming out for the bigger picture gutler illuminates the long history of the practice of seeing and believing in race and reveals that our troublesome faith in the details discerned by the discriminating glance is widespread and very popular in so doing he upends the possibility of a postracial society by revealing how deeply race is embedded in our culture with implications that are often matters of life and death

in this important new book melvyn dubofsky traces the relationship between the american labor movement and the federal government from the 1870s until the present his is the only book to focus specifically on the labor question as a lens through which to view more clearly the basic political economic and social forces that have divided citizens throughout the industrial era many scholars contend that the state has acted to suppress trade union autonomy and democracy as well as rank and file militancy in the interest of social stability and conclude that the law has rendered unions the servants of capital and the state in contrast dubofsky argues that the relationship between the state and labor is far more complex and that workers and their unions have gained from positive state intervention at particular junctures in american history he focuses on six such periods when in varying combinations popular politics administrative policy formation and union influence on the legislative and executive branches operated to promote stability by furthering the interests of workers and their organizations

explores how a variety of print media religious tracts newsletters cartoons pamphlets self help books mass market paperbacks and editions of the bible from the king james version to contemporary bible zines have shaped and been shaped by experiences of faith since the civil war

gun violence in modern america is a pressing societal issue that impacts individuals families and communities across the nation by examining this topic through a multidisciplinary lens we gain a deeper understanding of the systemic forces and leadership failures that contribute to its persistence as well as potential avenues for meaningful change community schools with their emphasis on localized support and civic engagement emerge as promising interventions to address the root causes of violence and build long term resilience anchored by institutions like universities and libraries these schools can serve as critical hubs for fostering safety equity and opportunity in vulnerable communities addressing gun violence in this way not only saves lives but also strengthens the social fabric of society gun violence in modern america and its victims the case for atrocity offers a multidisciplinary perspective on gun violence drawing from a diverse array of fields it examines gun violence through both individual stories and broader systemic forces covering topics such as community schools mental illness and racism this book is an excellent resource for educators community leaders policy makers public officials researchers academicians and more

the book aims to equip readers with knowledge of and insight into a complex and varied nation that wields tremendous power and influence on the wider world the

chapters seek to explore and explain the development of american society covering topics such as immigration ethnic minorities religion politics foreign policy and popular culture the book is a joint venture between norwegian and american authors all specialists in their respective areas

why do critics want to pull up the income tax by its roots why do we have an income tax altogether especially if its principles are no longer workable and the tax no longer serves its intended purpose or are the roots in fact still viable this compelling book seeks answers to those questions in long forgotten archives of tax history drawing on rare records from congress richard j joseph demonstrates how the idea of relating taxes to individuals and businesses evolved during 1893 1895 leading in 1894 to enactment of the first american income tax legislation that initial law he notes was intended to create a permanent and a fair ability to pay system with an eye for detail joseph explores ways in which it would serve as a model for future revenue he explains how global and domestic changes have rendered it passe and he shows how much of that early lawdespite its swift demise in the case of pollock v the farmers loan trust companyinforms our current federal taxation system

intended for undergraduate and high school students with references primarily to book length works

the most detailed study of soviet military industrial espionage during the 1930s 1940s and 1950s spying aimed specifically at acquiring restricted information and materials relating to american industry technology and science
