Accountants have historically had an important role in the detection and deterrence of fraud. As Joe Wells, *Principles of Fraud Examination* 4th edition illustrates, fraud is much more than numbers. Books and records don't commit fraud; people do. Widely embraced by fraud examination instructors across the country, *Principles of Fraud Examination* 4th edition by Joseph Wells is written to provide a broad understanding of fraud to today's accounting students. What it is and how it is committed, prevented, detected, and resolved. This 4th edition of the text includes a chapter on frauds perpetrated against organizations by individuals outside their staff, a growing threat for many entities as commerce increasingly crosses technological and geographical borders.
