james joyce is one of the greatest writers in english his first book a portrait of the artist as a young man laid down the template for the coming of age novel while his collection of short stories dubliners is of perennial interest his great modern epic ulysses took the city of dublin for its setting and all human life for its subject and its publication in 1922 marked the beginning of the modern novel joyce s final work finnegans wake is an endless experiment in narrative and language but if joyce is a great writer he is also the most difficult writer in english finnegans wake is written in a freshly invented language and ulysses exhausts all the forms and styles of english even the apparently simple dubliners has plots of endless complexity while the structure of a portrait of the artist as a young man is exceptionally intricate this very short introduction explores the work of this most influential yet complex writer and analyses how joyce s difficulty grew out of his situation as an irish writer unwilling to accept the traditions of his imperialist oppressor and contemptuous of the cultural banality of the gaelic revival joyce wanted to investigate and celebrate his own life but this meant investigating and celebrating the drunks of dublin s pubs and the prostitutes of dublin s brothels no subject was alien to him and he developed the naturalist project of recording all aspects of life with the symbolist project of finding significant correspondences in the most unlikely material throughout colin maccabe interweaves joyce s life and history with his books and draws out their themes and connections very short introductions brilliant sharp inspiring

james joyce s near blindness his peculiar gait and his death from perforated ulcers are commonplace knowledge to most of his readers but until now most joyce scholars have not recognized that these symptoms point to a diagnosis of syphilis kathleen ferris traces joyce s medical history as described in his correspondence in the diaries of his brother stanislaus and in the memoirs of his acquaintances to show that many of his symptoms match those of tabes dorsalis a form of neurosyphilis which untreated eventually leads to paralysis combining literary analysis and medical detection ferris builds a convincing case that this dread disease is the subject of much of joyce s autobiographical writing many of this characters most notably stephen dedalus and leopold bloom exhibit the same symptoms as their creator stiffness of gait digestive problems hallucinations and impaired vision ferris also demonstrates that the themes of sin guilt and retribution so prevalent in joyce s works are almost certainly a consequence of his having contracted
