a psychologically nuanced tough minded portrait of the new york filmmaker and his relationships with mia farrow and soon yi previn publishers weekly writer director actor humorist woody allen stands as one of our era s most celebrated artists starting in the 1950s allen began crafting a larger than life neurotic persona that has since entertained and enlightened millions in his films widely thought to be autobiographical explorations of his own comic fears and fixations allen carefully controlled the public s view of him as a lovable scamp but that all came crashing down the day mia farrow found a polaroid on her mantle what followed was a flurry of sensational headlines and legal battles his relationship with soon yi previn thirty four years his junior and the step daughter of his longtime girlfriend caused shockwaves in the public s perception of the director yet few biographers and journalists have explored what happened and why in this the first deep investigation of allen s life and the events surrounding his split with farrow biographer marion meade tracks down dozens of friends actors neighbors and film historians they open up with insights and details rare in the world of wealth and celebrity what results is a fascinating portrait of a flawed genius as adept at constructing his own image as he is at crafting films rereleased and updated this is an unauthorized biography that neither woody allen s fans nor his detractors will be able to put down the revised and updated edition was reviewed in the wall street journal in 2013 by carl rollyson in a roundup of the five best hollywood biographies

decline and reimagination in cinematic new york examines the cinematic representation of new york from the mid 1960s through the mid 1980s placing the dominant discourse of urban decline in dialogue with marginal perspectives that reimagine the city

along alternative paths as a resilient adaptive and endlessly inspiring place drawing on mainstream independent documentary and experimental films the book offers a multifaceted account of the power of film to imagine the city's decline and reimagine its potential the book analyzes how filmmakers mobilized derelict space and various articulations of nature as settings and signifiers that decenter traditional understandings of the city to represent new york alternately as a desolate wasteland a hostile wilderness a refuge and playground for outcasts a home to resilient and resourceful communities a studio for artistic experimentation an arcadia conducive to alternative social arrangements and a complex ecosystem this book will be of interest to scholars and students of film studies media studies urban cinema urban studies and eco cinema
