exercises designed to develop vocabulary skills present words together with their pronunciations definitions and use in sentences

energy is multifaceted and energy made easy allows the reader to grasp enough knowledge quickly so they can participate in discussions with family friends co workers or while watching news reports the main purpose of the book is to help citizens become energy literate as an added benefit to the reader each chapter is a stand alone read on twelve energy subjects the readers may not be interested in the entire spectrum of energy but can selectively pick and choose hot energy topics trending on current news or social media coverage it is dangerous and delusional to believe anything can be explained in sound bites much less energy this book will make you look at energy and electricity in a new fresh way and perspective we believe this is desperately needed with the upcoming u s presidential election and global events taking place in china russia iran africa india and south america

exercises designed to develop vocabulary skills present words together with their pronunciations definitions and use in sentences
